FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provides limited government – This bill creates a firefighters' pension trust fund and board of trustees for each community development district providing fire suppression services.

B. EFFECT OF PROPOSED CHANGES:

Present Situation – Community Development Districts

Chapter 190, Florida Statutes, the Uniform Community Development District Act of 1980, sets forth the uniform procedure for the establishment and operation of a particular type of independent special district, the community development district (CDD), which serves as an alternative method to manage and finance basic services for community development.¹ There are currently 381 active CDDs in Florida.²

Among the general powers granted to a CDD: sue and be sued, participate in the state retirement system, contract for services, borrow money, accept gifts, adopt rules and orders, maintain an office, lease, issue bonds, raise money by user charges or fees, assess and impose ad valorem taxes upon lands in the CDD, and levy and enforce special assessments.³

CDDs also have special powers related to the following systems, facilities, and basic infrastructures: water management, water supply, sewer, wastewater management, roads, bridges, culverts, street lights, buses, trolleys, transit shelters, ridesharing facilities and services, parking improvements, signage, environmental contamination, conservation areas, mitigation areas, and wildlife habitat.⁴

In addition, CDDs also can be authorized by local governments to address: parks and facilities for indoor and outdoor recreational, cultural, and educational uses; fire prevention and control, including fire stations, water mains and plugs, fire trucks, and other vehicles and equipment; school buildings and related structures; security; control and elimination of mosquitoes and other arthropods of public health importance; waste collection and disposal.⁵

HB 381 relates only to those CDDs that are providing "fire prevention and control" with the consent of the local government⁶ ("Fire CDDs"). Information on how many Fire CDDs exist is not available from the Department of Management Services, the Special District Information Program of the Department of Community Affairs, or the State Fire Marshal. Thus, the number of Fire CDDs is unknown. It is estimated that only a small percentage of Fire CDDs exist.⁷ The pay and benefits, including the type of pension plan, of any firefighter working for a Fire CDDs currently are determined by the Fire CDD.

Present Situation – Municipal and Special District Firefighter Pensions

Firefighters working for municipalities or special districts that have a constituted fire department or an authorized volunteer fire department,⁸ which owns and uses equipment for fighting fires that was in compliance with National Fire Protection Association Standards for Automotive Fire Apparatus at the time of purchase,⁹ have pension plans pursuant to chapter 175, Florida Statutes.

Chapter 175, Florida Statutes, is the Marvin B. Clayton Firefighters Pension Trust Fund Act ("FPTFA").¹⁰ The FPTFA sets forth the minimum benefits and minimum standards for municipal and special district firefighter pension plans. There currently are 20 special fire control districts and 159 municipalities that have established plans pursuant to the FPTFA.¹¹ These plans had revenues of approximately \$66,319,992 in 2004; \$5,096,380 of those revenues were generated by special fire control districts.¹²

Section 175.032, Florida Statutes, provides the definitions for the FPTFA, including a definition for "special fire control district." This bill adds Fire CDDs to the definition of special fire control district. As a result, Fire CDDs which have a constituted fire department or an authorized volunteer fire department and the required equipment¹³ will be bound by the FPTFA and must establish a special firefighters' pension trust fund for the firefighters.¹⁴

The following sources provide funding for the firefighters' pension trust fund:

- Payment from the "premium tax" - the net proceeds of the 1.85-percent excise upon fire insurance companies, fire insurance associations, or other property insurers on their gross receipts on premiums from holders of policies covering real or personal property within the legal boundaries of the Fire CDD;
- Payment of a designated percentage deducted from the salary of each uniformed firefighter;
- Payment of all fines and forfeitures imposed and collected from the violation of any rule and regulation promulgated by the board of trustees;
- By mandatory payment from the Fire CDD of the normal cost of and the amount required to fund any actuarial deficiency shown by an actuarial valuation as provided in part VII of chapter 112, Florida Statutes;
- By all gifts, bequests, and devises when donated;
- By all increases in the fund by way of interest or dividends on bank deposits, or otherwise; and
- By all other sources or income now or hereafter authorized by law for the augmentation of such firefighters' pension trust fund.¹⁵

The Fire CDD also must create a board of trustees for the firefighters pension trust fund consisting of five members: two members must be legal residents of the Fire CDD and be appointed by the Fire CDD; two must be full-time firefighters elected by a majority of the active firefighters who are members

of such plan; the fifth member must be chosen by a majority of the other four members.¹⁶ This board of trustees must meet quarterly¹⁷

Among the powers of the board of trustees: invest and reinvest the assets of the firefighter pension fund in certain authorized investments, issue drafts, keep required records, retain a qualified independent consultant every three years, and employ legal counsel, independent actuaries, and other advisors.

The FPTFA provides requirements for the retirement,¹⁸ disability,¹⁹ death,²⁰ and presumed injuries²¹ of Fire CDD firefighters under the plan.

The Division of Retirement is responsible for the daily oversight and monitoring of any firefighter pension plan of a Fire CDD.²² Actuarial deficits are not, however, obligations of the State of Florida.²³

C. SECTION DIRECTORY:

Section 1 amends subsection (16) of section 175.032, Florida Statutes, to amend the definition of "special fire control district."

Section 2 provides an effective date of July 1, 2006.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. This bill does not appear to reduce the percentage of a state tax shared with counties or municipalities. This bill does not appear to reduce the authority that municipalities have to raise revenue.

2. Other:

Benefit changes to the state retirement system are governed by section 14 of article X of the Florida Constitution. Changes to chapter 175, Florida Statutes, are not changes to the state retirement system as governed by this provision.

B. RULE-MAKING AUTHORITY:

This bill does not appear to create, modify, or eliminate rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Drafting Issue: Authority to Collect the Tax on Property Insurance Premiums

One of the funding mechanisms provided for firefighters pension trust funds is the premium tax authorized under section 175.101(1), Florida Statutes. The Department of Management Services has suggested that chapter 190, Florida Statutes, which governs CDDs, may need to be amended to give CDDs the authority to levy the premium tax.²⁴ Although the language which provides that a Fire CDD "may assess and impose" the premium tax seems sufficient, the sponsor may wish to consider an amendment to section 190.011, Florida Statutes:

(17) To assess and impose the state excise tax authorized under s. 175.101, if exercising the powers permitted under s. 190.12(2)(b).

Drafting Issue: Different Types of Districts

CDDs and special fire control districts are different types of independent special districts which are governed by two different chapters of the Florida Statutes: chapter 190 and chapter 191, respectively. This bill, however, includes certain CDDs in the definition of special fire control district for purposes of chapter 175. Given the different legal and statutory status of these two types of districts, it would be

better to define and provide for CDDs throughout the chapter. Yet, given the unknown and expected low number of Fire CDDs, such considerable amendment to chapter 175, Florida Statutes, may not be warranted.

SUMMARY ANALYSIS

Current law provides 32 state designations such as the state beverage, the state shell, and the state butterfly. Florida does not, however, have a designation for a state pie. HB 453 designates the Key Lime Pie as the official state pie.

This bill does not appear to have a fiscal impact on state or local governments.

It recognized the Key Lime Pie as an important symbol of Florida.

Proposed Changes

The bill designates the Key Lime Pie as the official state pie of Florida.

SUMMARY ANALYSIS

The bill clarifies and revises portions of the Code of Ethics of the State of Florida, and provides for additional restrictions on the conduct of current and former government employees and elected officials. The bill:

- Prohibits government employees from working in political campaigns.
- Allows Selected Exempt employees, transferred from Career Service under Service First, to lobby their former agency immediately upon termination, instead of having to wait two years. However, no former employee may immediately lobby on a matter in which the employee participated while employed by a government agency.
- Changes the method for disclosing assets and liabilities.
- Requires disclosure of gifts by those leaving employment by July 1.
- Allows the Attorney General to file suit to recoup agency costs for collecting penalties.
- Allows unemployed state employees to work for the private entity who assumes the employees' former duties.
- Increases the rulemaking authority of the Commission on Ethics (commission).
- Suspends a lobbyist's registration if the lobbyist fails to pay a fine until the fine is paid or waived.
- Prohibits agency employees who participated personally and substantially on a matter from representing or advising any entity other than the state for compensation.

The bill also entitles a witness required to travel outside the county of his or her residence in order to testify before the commission to per diem and travel expenses at the same rate as state employees. Thus, the bill will have a fiscal impact on state government.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government – The bill increases the rulemaking authority of the commission.

Promote Personal Responsibility – The bill requires principled behavior by those serving in the public sector.

B. EFFECT OF PROPOSED CHANGES:

Background

The Code of Ethics for Public Officers and Employees (code)¹ sets forth certain requirements and guidelines governing the conduct of public officers and employees. Section 112.311, F.S., outlines three basic objectives of the code:

- Requires that the law protect against any conflict of interest and that it establish standards for the conduct of elected officials and government employees.
- Recognizes that government must attract those citizens best qualified to serve.²
- Provides that it is necessary that the identity, expenditures, and activities of those persons who regularly engage in efforts to persuade public officials to take specific actions be disclosed to the public in order to preserve and maintain the integrity of the government process.

It is the policy of the state that no officer or employee of the state, a local government, or the Legislature have any interest, financial or otherwise, direct or indirect; engage in any business transaction or professional activity; or incur any obligation of any nature that is in substantial conflict with the proper discharge of his or her duties.³ Public officers and employees of the state or of a local government are agents of the people and hold their positions for the benefit of the public. Such persons are bound to observe, in their official acts, the highest standards of ethics consistent with the code regardless of personal considerations.⁴

A person elected to any county, municipality, special district, or school district office may not personally represent another person or entity for compensation before the governing body of which the person was an officer for a period of two years after vacating that office.⁵ This only applies to former office holders lobbying current office holders. Public officers, agency employees, and local government attorneys also are barred from disclosing or using information not available to the public and gained because of that person's official position, for his or her personal gain or benefit or for the personal gain or benefit of any other person or business entity.⁶

Office holders must file yearly statements of their personal financial interests. The failure to file a timely report results in a fine of \$25 per day, with a maximum aggregate penalty of \$1,500. Any reporting person may appeal or dispute a fine, and may base that appeal upon unusual circumstances surrounding the failure to file on the designated due date. The person is entitled to a

² Thus, the law against conflict of interest must be so designed as not to impede unreasonably or unnecessarily the recruitment and retention by government of those best qualified to serve.

hearing before the Commission on Ethics (commission), which is permitted to waive the fine in whole or in part for good cause shown.⁷

The commission has the duty of receiving and investigating sworn complaints of violations of the code. The commission is authorized only to investigate alleged violations of the code upon a written complaint executed on a form prescribed by the commission and signed under oath or affirmation by any person.⁸ The commission has the power to subpoena witnesses.⁹ Violations of any provision of the code can result in various penalties, which include requiring the violator to pay restitution of any pecuniary benefits received because of the violations committed.¹⁰

HB 1377 CS, which was similar to the current bill, passed the Legislature in 2005 and was vetoed by the Governor.¹¹ This bill attempts to address the Governor's concerns.

Effects of Proposed Changes

The bill prohibits all state and political subdivision employees from participating in a political campaign for an elective office while on duty.

The bill amends the prohibition against using "inside" information gained while in a public position to benefit oneself or another to clarify that it does not apply to information relating exclusively to governmental practices.

The bill amends the two-year "revolving door" prohibition against representing a client before one's former agency. It allows Selected Exempt employees, transferred from Career Service under Service First, to lobby their former agency immediately upon termination, instead of having to wait two years. However, no former employee may immediately lobby on a matter in which the employee participated while employed by a government agency. The bill also clarifies that the revolving door prohibition against representing a client before one's former agency applies to other-personal-services (OPS) employees.

Conflict of interest disclosure statements (applicable for competitive bidding) must be filed with the commission instead of the Department of State. Local elected officials are prohibited from personally representing another person or entity for compensation before the agency for which they were an officer of for two years after leaving office.

The certified reminder mailing sent in July of each year by the supervisor of elections must have a return receipt. This allows the commission to determine whether the mailing was actually received and by whom. The bill also allows the commission to waive the penalty for failure to timely file a statement of financial interests only when the person did not receive proper notice of the requirements of filing an annual disclosure.

By October 1 of each year, all supervisors of election must certify to the commission a list of names and addresses of all persons failing to timely file a statement of financial interests. Current law requires such certification by November 15. The bill also provides that a \$1,500 limitation on automatic fines for

⁸ Section 112.324, F.S.

⁹ Section 112.322, F.S.

¹⁰ Section 112.317, F.S.

¹¹ The Governor's veto message stated "the bill contains ambiguous language that could unduly punish state employees who seek to transition to the private sector . . . Government employees come into contact daily with actions and issues with which they are not necessarily actively engaged on behalf of the agency; they should not be restricted from future employment in these tangential subject matters as a result. This legislation could have a draconian impact on the ability of State to recruit employees who eventually aspire to return to the private sector. I am also concerned by a provision in the bill that carves out an exemption to lobbying laws for a handful of state employees . . . Florida's lobbying laws should be applied uniformly. Creating exemptions sets a bad precedent." Veto letter by Governor Bush, HB 1377, June 15, 2005.

failing to file a financial statement does not limit the civil penalty that may be imposed if the statement is filed more than 60 days after the deadline.

The bill requires the filing of gift disclosure forms for the last portion of one's term of office or employment, and allows quarterly gift disclosure forms to be considered timely filed if postmarked on or before the due date. Honorarium-expense disclosure forms must be filed for the last portion of one's term of office or employment.

The bill authorizes an agency to receive restitution, paid by the violator, rather than to the state only. Further, when the Attorney General is required to collect a penalty through a civil action in court, the Attorney General's costs and fees of collecting such penalty are assessed against the violator. It authorizes the commission to recommend payment of any restitution penalty to the agency where the employee worked, where the officer was deemed an employee, or to the General Revenue Fund.

The bill deletes s. 112.317(6), F.S., which the federal courts have declared unconstitutional (this section provided that breaching confidentiality of an ethics proceeding was a misdemeanor).

The bill eases existing post-employment restrictions for state employees whose jobs are privatized and who are employed by that private entity. It prohibits executive branch employees from leaving government and representing a client before their former agency in connection with the same matter in which they participated personally and substantially while an agency employee. The bill prohibits a former agency employee from representing or advising for compensation any entity, other than the state, in any matter in which the employee participated personally and substantially.

The bill prohibits an individual who qualifies as a lobbyist under ss. 11.045 or 112.3215, F.S., or a local government charter or ordinance from serving on the commission except for those individuals who are members of the commission on October 1, 2006, until the expiration of their current term. A member of the commission may not lobby any state or local government entity as provided by ss. 11.045 or 112.3215, F.S., or a local government charter or ordinance. The same exception applies.

The bill increases the commission's rule-making authority regarding the grounds for waiving a fine and the procedure for appealing that fine.

A witness required by the commission to testify outside the county of his or her residence is entitled to per diem and travel expenses reimbursed at the state rate.

Finally, the bill provides that an official investigation includes an investigation instituted by the commission and that an official proceeding includes a proceeding before the commission.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

An officer or employee violating ch. 112, F.S., could be required to pay a civil or restitution penalty to the agency for which the violating officer was a member or the employee was employed, or pay the penalty to the General Revenue Fund. The attorney general is entitled to collect any costs, attorney's fees, expert witness fees, or other costs incurred in bringing a civil action to recover such penalties.

2. Expenditures:

A witness, required to travel outside the county of his or her residence in order to testify before the commission, is entitled to per diem and travel expenses at the same rate as state employees.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

The bill does not create, modify, amend, or eliminate a local revenue source.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

The fiscal impact is indeterminate, though probably not significant.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill increases the rulemaking authority of the commission. The commission must adopt rules to provide grounds for waiving a fine and the procedures associated with appealing that fine when a lobbyist fails to timely file a report. Current law already authorizes the commission to adopt a rule to provide a procedure for notifying a lobbyist who fails to timely file a report.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

The Ethics & Elections Committee adopted an amendment to the bill on January 25, 2006. The amendment changes section 112.3215, F.S., so that it tracks similar language in section 11.045, F.S., which was added by SB 6-B during Special Session 2005 B. HB 493 had been filed before SB 6-B was enacted.

The amendment further amends subsection (5) of section 112.3215, F.S., to clarify that lobbyist registrations for all "partners, owners, officers, or employees" are automatically suspended until a fine is paid or waived.

554 connection with any contract in which the agency employee
555 participated personally and substantially through decision,
556 approval, disapproval, recommendation, rendering of advice, or
557 investigation while an officer or employee. When the agency
558 employee's position is eliminated and his or her duties are
559 performed by the business entity, this subsection does not
560 prohibit his or her employment or contractual relationship with
561 the business entity if the employee's participation in the

571 the agency employee's position is eliminated and his or her
572 duties are performed by the business entity, the provisions of

583 subsection may be waived by the agency head for a particular

587 termination, represent or advise for compensation another person
588 or entity, except the state, in any matter in which the employee

Any member of the commission may be removed for cause by majority vote of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Chief Justice of the Supreme Court.

The fine shall be \$50 per day per report for each late day up to a maximum of \$5,000 per late report.

659 2. Upon receipt of the report, the person designated to

662 a. When a report is actually received by the lobbyist
663 registration and reporting office.

664 b. When the report is postmarked.

665 c. When the certificate of mailing is dated.

666 d. When the receipt from an established courier company is
667 dated.

668 3. Such fine shall be paid within 30 days after the notice
669 of payment due is transmitted by the Lobbyist Registration
670 Office, unless appeal is made to the commission. The moneys
671 shall be deposited into the Executive Branch Lobby Registration
672 Trust Fund.

673 4. A fine shall not be assessed against a lobbying firm
674 the first time any reports for which the lobbying firm is
675 responsible are not timely filed. However, to receive the one-
676 time fine waiver, all reports for which the lobbying firm is
677 responsible must be filed within 30 days after the notice that
678 any reports have not been timely filed is transmitted by the
679 Lobbyist Registration Office. A fine shall be assessed for any
680 subsequent late-filed reports.

681 5. Any lobbying firm may appeal or dispute a fine, based
682 upon unusual circumstances surrounding the failure to file on
683 the designated due date, and may request and shall be entitled
684 to a hearing before the commission, which shall have the
685 authority to waive the fine in whole or in part for good cause
686 shown. Any such request shall be made within 30 days after the

687 notice of payment due is transmitted by the Lobbyist
688 Registration Office. In such case, the lobbying firm shall,
689 within the 30-day period, notify the person designated to review
690 the timeliness of reports in writing of his or her intention to
691 bring the matter before the commission.

692 6. The person designated to review the timeliness of
693 reports shall notify the commission of the failure of a lobbying
694 firm to file a report after notice or of the failure of a
695 lobbying firm to pay the fine imposed. All lobbyist
696 registrations for lobbyists who are partners, owners, officers,
697 or employees of a lobbying firm that fails to timely pay a fine
698 are automatically suspended until the fine is paid or waived,
699 and the commission shall promptly notify all affected principals
700 of any suspension or reinstatement.

701 7. Notwithstanding any provision of chapter 120, any fine
702 imposed under this subsection that is not waived by final order
703 of the commission and that remains unpaid more than 60 days
704 after the notice of payment due or more than 60 days after the
705 commission renders a final order on the lobbying firm's appeal

SUMMARY ANALYSIS

The bill creates a public records exemption for certain identification and location information for current or former Department of Juvenile Justice (DJJ) personnel. It also creates a public records exemption for certain identification and location information regarding the spouse and children of DJJ personnel. The exemption only applies if the DJJ personnel provides a written statement that he or she has made reasonable efforts to protect such information from public access via other means.

This bill provides for future review and repeal of the exemption and provides a statement of public necessity.

The bill does not grant rule-making authority to any administrative agency.

The bill could have a minimal fiscal impact on state and local governments.

The bill requires a two-thirds vote of the members present and voting for passage.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill decreases access to public records.

B. EFFECT OF PROPOSED CHANGES:

Background

Current law provides a number of public records exemptions for certain identifying and location information regarding police officers, child protective service investigators, firefighters, judges, and attorneys.¹ The exemptions also protect identifying and location information regarding the spouses and children of such employees.² There is, however, no such exemption for employees of juvenile detention facilities.

Effect of Bill

The bill creates a public records exemption for current or former juvenile probation officers, juvenile probation supervisors, detention superintendents, assistant detention superintendents, senior juvenile detention officers, juvenile detention officer supervisors, juvenile detention officers, house parents I and II, house parent supervisors, group treatment leaders, group treatment leader supervisors, and rehabilitation therapists of the Department of Juvenile Justice (DJJ personnel). The following information is made exempt³ from public records requirements:

- Home addresses, telephone numbers, social security numbers, and photographs of DJJ personnel;
- Names, home addresses, telephone numbers, social security numbers, photographs, and places of employment of the spouse and children of DJJ personnel; and
- Names and locations of schools and day care facilities attended by the children of DJJ personnel.

The exemption only applies if the DJJ personnel provides a written statement that he or she has made reasonable efforts to protect such information from access via other means available to the public.

An agency, other than the employing agency, who is the custodian of such information must maintain the exempt status of that information only if such personnel or his or her employer submits a written request to the custodial agency.

This bill provides for future review and repeal of the exemption on October 2, 2011, pursuant to the Open Government Sunset Review Act.⁴ It also provides a statement of public necessity.

C. SECTION DIRECTORY:

Section 1 amends s. 119.071, F.S., to create a public records exemption for DJJ personnel.

¹ Section 119.071(4)(d), F.S.

² *Id.*

³ There is a difference between records that are exempt from public records requirements and those that are *confidential* and exempt. If the Legislature makes a record confidential and exempt, such record cannot be released by an agency to anyone other than to the persons or entities designated in the statute. *See* Attorney General Opinion 85-62. If a record is simply made exempt from disclosure requirements, an agency is not prohibited from disclosing the record in all circumstances. *See Williams v. City of Minneola*, 575 So.2d 683, 687 (Fla. 5th DCA), review denied, 589 So.2d 289 (Fla. 1991).

⁴ Section 119.15, F.S.

Section 2 reenacts s. 409.2577, F.S., to incorporate the amendment made to s. 119.071, F.S.

Section 3 provides a public necessity statement.

Section 4 provides an October 1, 2006, effective date.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

See "FISCAL COMMENTS."

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

See "FISCAL COMMENTS."

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

The bill likely could create a fiscal impact on state and local governments, because staff responsible for complying with public records requests will require training related to the newly created public records exemption. In addition, state and local governments could incur costs associated with redacting the exempt DJJ personnel information prior to releasing a record.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

Vote Requirement

Article I, s. 24(c) of the Florida Constitution, requires a two-thirds vote of the members present and voting for passage of a newly created public records or public meetings exemption. The bill creates a public records exemption. Thus, it requires a two-thirds vote for passage.

Public Necessity Statement

Article I, s. 24(c) of the Florida Constitution, requires a statement of public necessity (public necessity statement) for a newly created public records or public meetings exemption. The bill creates a public records exemption. Thus, it includes a public necessity statement.

Overly Broad

The bill could raise constitutional concerns, because the exemption could be considered overly broad in that it is unclear if the employing agency collects the photographs of the spouse and children of DJJ personnel.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Drafting Issues – Social Security Numbers

Current law provides a public records exemption for social security numbers that is applicable to all state and local government agencies.⁵ The bill exempts social security numbers for DJJ personnel and the spouse and children of such personnel. Thus, it appears redundant of current law.

Drafting Issues – Open Government Sunset Review Act

On line 165, the bill references the “Open Government Sunset Review Act of 1995”. In 2005, the Act was amended and is now entitled the “Open Government Sunset Review Act”. An amendment is recommended to correct the title error.

Drafting Issues – Public Necessity Statement

The bill makes the identification and location information “exempt” from public records requirements; however, the bill later refers to the information as confidential and exempt. There is a difference between records that are exempt from public records requirements and those that are confidential and exempt. If the Legislature makes a record confidential and exempt, such record cannot be released by an agency to anyone other than to the persons or entities designated in the statute.⁶ If a record is simply made exempt from disclosure requirements, an agency is not prohibited from disclosing the record in all circumstances.⁷ As such, an amendment is needed to address the language inconsistencies.

Other Comments – Written Statement

The bill requires the DJJ personnel to submit a written statement that he or she has made reasonable efforts to protect the exempt information from public access via other means. For example, such personnel would need to confirm that he or she has protected release of the information through the Internet and the telephone book. Of the categories of employees who are provided this same public records exemption, only one group is required to provide a similar statement.⁸ This exemption would put DJJ personnel in the minority and would create an additional burden on such personnel in order to protect access to his or her identification and location information.

Other Comments – Public Records Law

Article I, s. 24(a), Florida Constitution, sets forth the state’s public policy regarding access to government records. The section guarantees every person a right to inspect or copy any public record of the legislative, executive, and judicial branches of government. The Legislature, however, may provide by general law for the exemption of records from the requirements of Article I, s. 24(a), Florida

⁵ Section 119.071(5)(a), F.S.

⁶ See Attorney General Opinion 85-62.

⁷ See *Williams v. City of Minneola*, 575 So.2d 683, 687 (Fla. 5th DCA), review denied, 589 So.2d 289 (Fla. 1991).

⁸ Section 119.071(4)(d)6., F.S., public records exemption for current and former guardian ad litem.

Constitution. The general law must state with specificity the public necessity justifying the exemption (public necessity statement) and must be no broader than necessary to accomplish its purpose.

Public policy regarding access to government records is further addressed in the Florida Statutes. Section 119.07(1), F.S., also guarantees every person a right to inspect, examine, and copy any state, county, or municipal record. Furthermore, the Open Government Sunset Review Act⁹ provides that a public records or public meetings exemption may be created or maintained only if it serves an identifiable public purpose, and may be no broader than is necessary to meet one of the following public purposes: 1. Allowing the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption; 2. Protecting sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety. However, only the identity of an individual may be exempted under this provision; or, 3. Protecting trade or business secrets.

Such evidence is sufficient grounds for the department to disapprove an application for location services.

Section 3. SUMMARY ANALYSIS

The bill declares that state and local government employers are not required to provide payroll deduction services for a union representing instructional personnel. If an employer agrees, during the collective bargaining process, to provide payroll deduction service for a union representing instructional personnel, the bill limits how such collected dues may be utilized. This bill also creates a cause of action to enforce these limits.

This bill does not appear to have a fiscal impact on state government, and may have a minimal positive fiscal impact to local governments.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill potentially reduces the government's ability to withdraw certain funds from a public employee's salary.

Safeguard individual liberty – The bill potentially increases a public employee's control over certain wages that would otherwise be controlled by the collective bargaining unit representing the employee.

B. EFFECT OF PROPOSED CHANGES:

Background

Article I, Section 6, of the Constitution of the State of Florida declares that "The right of persons to work shall not be denied or abridged on account of membership or non-membership in any labor union or labor organization." Florida implements this constitutional provision in chapter 447, F.S. Part II of ch. 447, F.S., applies the provision to state and local governments. If a union has been certified as representing a particular group of employees, s. 447.303, F.S., requires a state or local government employer to withhold "dues and uniform assessments" from the paychecks of consenting employees.

Statement of Legislative Intent

The bill provides that state or local government employers are not required to provide payroll deduction services for a union representing instructional personnel.¹ The bill includes a statement of legislative intent that recognizes certain facts about the government's neutrality in the decision of an employee to join or not join a union.²

This first section of the legislative statement of intent declares that a government employer's provision of a payroll-withholding mechanism to a collective bargaining unit is inconsistent with the state's larger goal of maintaining neutrality in the employee's decision to join or not join a union. The first section also notes that, while other payroll deductions specifically identify how the funds will eventually be applied,³ union dues are not required to identify "how the money deducted will be used." The section concludes with a suggestion that, to the extent that employees are currently "unaware of their rights to be refunded any portion of such dues... used for political or social purposes with which they do not agree," the payroll-deduction process may impinge against such employees' rights under the First Amendment.

The second section of the legislative statement begins by emphasizing the size of the collective bargaining unit representing instructional personnel. The section then states that attracting new teachers and retaining existing teachers is a matter of critical importance. The section concludes that due to consolidation, the collective bargaining unit representing teachers has reached the status of a monopoly, thereby unduly restricting its members and impinging on their First Amendment rights.

¹ The bill references the definition of "instructional personnel" at s. 1012.01, F.S., which defines instructional personnel to include classroom teachers, student personnel services (primarily guidance counselors), librarians and media specialists, other instructional staff, and education paraprofessionals.

² Section 447.201, F.S., contains a legislative statement of policy regarding Part II of Chapter 447, F.S. It reads in part, "Nothing herein shall be construed either to *encourage or discourage* organization of public employees." (Emphasis added.)

³ This is presumably a reference to federal withholding such as federal income tax and Social Security withholding, as well as withholdings related to employee benefits, health plans, retirement plans, or other programs.

The third section of the legislative statement declares that, due to the facts and trends already set forth, the withholding of dues and uniform deductions of instructional personnel should be a matter discussed between the parties as part of the collective bargaining process, rather than an automatic action granted to the collective bargaining unit.

Effect of Bill

The bill removes the authority of the "certified bargaining agent for instructional personnel" to receive automatic deductions under s. 447.303, F.S., and provides that such deductions are instead "proper subject[s] of collective bargaining."

The bill further states that in the event deductions are implemented as a result of the bargaining process, the deductions shall not exceed an amount actually used for bargaining activities of the certified bargaining unit.⁴ This amount is distinguished from other potential uses of such fees that may not be deducted from an employee's salary.⁵

The bill requires that, if agreed upon, deductions require the written approval of the employee. The employer may not collect fines, penalties, special assessments, or funds for any purpose other than labor-management issues. The agreement between the employer and the collective bargaining unit also must provide for segregation of labor-management funds or an independent audit of such funds.

Finally, the bill creates a cause of action whereby any taxpayer or aggrieved party may seek injunctive relief for violation of the restrictions on the use of payroll-deducted dues, and may compel the union to make a pro-rata refund to all of its members of monies used for an improper purpose. An individual union member also may seek a refund in his or her own name.

C. SECTION DIRECTORY:

Section 1 amends s. 447.303, F.S., removing the payroll-deduction service for certain unions; limiting the use of such union dues when deduction is agreed upon, and providing a private right of action to enforce the provisions.

Section 2 provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

Providing a payroll deduction service for the benefit of a union represents a minimal expense that would be saved should an employer decide to eliminate the service.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not create, modify, amend, or eliminate a local revenue source.

⁴ These permitted uses are referred to later in the bill as "labor-management issues."

⁵ Express examples of impermissible activities include electoral activities, contributions to candidates, political parties, political committees, or committees of continual existence.

2. Expenditures:

Providing a payroll deduction service for the benefit of a union represents a minimal expense that would be saved should an employer decide to eliminate the service.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

The bill arguably raises potential federal constitutional concerns, however, the case of *City of Charlotte v. Local 660, International Association of Firefighters*, 426 U.S. 283 (1976) suggests that a government may refuse to offer payroll deduction for union dues, even though it provides for other voluntary payroll deductions, so long as the government provides some reasonable reason for doing so.⁶ North Carolina, the location of the *Local 660* case, is a "closed shop" state in which employers can compel union membership of all employees. The reasoning utilized in the court's analysis and opinion appears to be more compelling in a right-to-work state such as Florida.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

Not applicable.

⁶ As opposed to the stronger constitutional standard of a "compelling governmental interest." In making this determination the court stated at page 2038 of the *Local 660* case:

Since it is not here asserted and this Court would reject such a contention if it were made that respondents' status as union members or their interest in obtaining a dues checkoff is such as to entitle them to special treatment under the Equal Protection Clause, the city's practice must meet only a relatively relaxed standard of reasonableness in order to survive constitutional scrutiny. *Memorial Hospital v. Maricopa County*, 415 U.S. 250 (1974).

HB 1059

2006

1 A bill to be entitled

2 An act relating to the deduction and collection of a
3 bargaining agent's dues and uniform assessments; amending
4 s. 447.303, F.S.; eliminating a right of certain
5 bargaining agents to have certain dues and assessments
6 deducted and collected by an employer from certain
7 employees; providing legislative findings and intent;
8 providing that the deduction and collection of certain
9 dues and assessments is a proper subject of collective
10 bargaining; providing requirements and limitations;
11 providing for accounting of funds; providing for
12 enforcement; providing an effective date.

13
14 Be It Enacted by the Legislature of the State of Florida:

15
16 Section 1. Section 447.303, Florida Statutes, is amended
17 to read:

18 447.303 Dues; deduction and collection.--

19 (1) Any employee organization which has been certified as
20 a bargaining agent, other than a certified bargaining agent for
21 instructional personnel as defined in s. 1012.01, shall have the
22 right to have its dues and uniform assessments deducted and
23 collected by the employer from the salaries of those employees
24 who authorize the deduction of said dues and uniform
25 assessments. However, such authorization is revocable at the
26 employee's request upon 30 days' written notice to the employer
27 and employee organization. Said deductions shall commence upon
28 the bargaining agent's written request to the employer.

HB 1059

2006

Reasonable costs to the employer of said deductions shall be a proper subject of collective bargaining. Such right to deduction, unless revoked pursuant to s. 447.507, shall be in force for so long as the employee organization remains the certified bargaining agent for the employees in the unit. The public employer is expressly prohibited from any involvement in the collection of fines, penalties, or special assessments.

(2)(a) The Legislature acknowledges that Florida is a right to work state as guaranteed by s. 6, Art. I of the State Constitution, which provides employees the right to bargain collectively. However, the State Constitution does not require an employer to deduct and collect a bargaining agent's dues and uniform assessments from an employee's salary. Furthermore, the Legislature, in implementing s. 6, Art. I of the State Constitution, has declared that it is the public policy of this state to neither encourage nor discourage participation in a certified employee organization. The current statutory right of a collective bargaining agent to have its dues and uniform assessments deducted from an employee's salary is inconsistent with this policy because it assumes a non-neutral position regarding membership in a certified employee organization. By statutorily requiring an employer to deduct a collective bargaining agent's dues and assessments, the state facilitates the financial support of that organization not only for its collective bargaining functions but for whatever political or social causes that organization chooses to support. The payroll deduction process does not require the identification of how the money deducted will be used. Other voluntary payroll deductions

HB 1059

2006

57 are clear on their face as to the amount and purpose of the
58 deductions. In addition, other payroll deductions are not
59 encumbered with the legal complexities surrounding collective
60 bargaining rights and this state's policy of neutrality
61 regarding membership in a certified employee organization.
62 Moreover, the First Amendment to the United States Constitution
63 guarantees a person freedom of association, which includes the
64 right of a person to not be compelled to financially support a
65 social cause or a political candidate or cause. To the extent
66 members of a certified employee organization are uninformed
67 regarding the use of their payroll deducted dues and
68 assessments, are unaware of their rights to be refunded any
69 portion of such dues or assessments used for political or social
70 purposes to which they do not agree, or are prevented or
71 inhibited from exercising their associational rights, directly
72 or indirectly, for whatever reason and from whatever source,
73 then the state's participation in their payroll deduction
74 impinges on those employees' First Amendment rights.

75 1. The Legislature finds that instructional personnel
76 represent the largest collective bargaining unit in this state.
77 Furthermore, the Legislature recognizes and finds that teacher
78 shortages in this state have reached critical proportions and
79 anticipates that Florida will need an additional 162,000
80 teachers over the next 10 years to meet the challenges of this
81 state's growing student population. Attracting new teachers as
82 well as retaining existing teachers is a priority for this
83 Legislature. Furthermore, the Legislature finds that this state
84 has a substantial and compelling interest in protecting the

HB 1059

2006

85 First Amendment rights of instructional personnel and that the
86 state's ability to recruit and retain instructional personnel
87 should be enhanced by empowering instructional personnel to
88 pursue their First Amendment rights and to make informed
89 decisions regarding their political and social participation
90 within the context of exercising their collective bargaining
91 rights. The Legislature also finds that, as a result of the
92 recent merger and industry consolidation of the collective
93 bargaining agents that represented instructional personnel as
94 defined in s. 1012.01, a virtual monopoly in such services has
95 been created in this state, depriving instructional personnel of
96 the benefits of competition. Accordingly, this state must
97 redouble its efforts to remain neutral and thereby not empower
98 or detract from that collective bargaining agent's
99 representational role, or from the employees' ability to be
100 represented in the collective bargaining process by whomever
101 they so choose.

102 2. Because of these facts and trends, the Legislature
103 finds that the current status of instructional personnel
104 constitutes a set of circumstances distinct and unique from any
105 other area of public employment within this state. Therefore,
106 the Legislature finds that with regard to instructional
107 personnel, the deduction and collection of the certified
108 bargaining agent's dues and uniform assessments should not be
109 mandated by the Legislature but should be a permissive subject
110 of collective bargaining, as otherwise restricted by this
111 section. The Legislature further finds that the restrictions
112 imposed by this section do not interfere with the ability of

HB 1059

2006

113 instructional personnel to be a member of a certified labor
114 organization or to contribute directly to that organization in
115 support of its noncollective bargaining activities.

116 (b) With regard to a certified bargaining agent that
117 represents instructional personnel as defined in s. 1012.01, any
118 deduction and collection by an employer of that certified
119 bargaining agent's dues and uniform assessments from an
120 employee's salary may be a proper subject of collective
121 bargaining. If the deduction and collection of an agent's dues
122 and uniform assessments are collectively bargained, the
123 collectively bargained agreement shall provide that payroll
124 deduction for dues or uniform assessments shall not exceed an
125 amount actually used for activities of the certified bargaining
126 agent necessary to perform the agent's duties regarding the
127 resolution of labor-management issues which consist of
128 collective bargaining, contract administration, and grievance
129 adjustment. Such amount shall not include any amounts used for
130 any other purpose, including, but not limited to, electoral
131 activities; independent expenditures or contributions to any
132 candidate, political party, political committee, or committee of
133 continuous existence; voter registration campaigns; or any other
134 political or legislative cause, including, but not limited to,
135 ballot initiatives. Additionally, the collectively bargained
136 agreement must require the written authorization of the
137 employee; commencement of the deductions upon the bargaining
138 agent's written request to the employer; collection of
139 reasonable costs, which must include all of the costs incurred
140 by the employer for making such deduction; revocation

HB 1059

2006

141 provisions, including revocation pursuant to s. 447.507; and a
142 prohibition against the public employer's collecting fines,
143 penalties, or special assessments or for any purpose other than
144 labor-management issues, as provided for in this subsection.

145 (c) The collectively bargained agreement shall also
146 provide for a reasonable accounting of payroll deductions
147 through either:

148 1. The perpetual segregation of all funds received through
149 payroll deductions from any funds used for purposes not
150 authorized in paragraph (b); or

151 2. An independent audit of the use of funds received
152 through payroll deductions.

153 (d) Any taxpayer or other aggrieved party may seek
154 enforcement of this subsection in a court of competent
155 jurisdiction. In addition to injunctive relief prohibiting
156 violations of a bargaining agreement and this subsection, relief
157 shall include an order for a pro rata refund to bargaining unit
158 members in an amount equal to the amount of any funds received
159 through payroll deduction which were used in violation of this
160 subsection. Such refund shall be enforced by an order reducing
161 payroll deductions up to 50 percent below the agreed amount each
162 pay period until the amount has been fully refunded. A refund
163 under this paragraph shall supplement and not preclude a money
164 judgment against the bargaining unit in favor of one or more
165 individuals who had funds deducted from their pay that were used
166 in violation of this subsection.

167 Section 2. This act shall take effect July 1, 2006.

SUMMARY ANALYSIS

The bill clarifies duties and responsibilities of the Office of State Long-Term Care Ombudsman and the program's state and local ombudsman councils in an attempt to fully implement the Legislature's intent in moving the program under the administration of the Department of Elderly Affairs.

The Department of Elderly Affairs reports no fiscal impact associated with this bill.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government --- The bill increases rulemaking authority regarding council membership. The bill requires submission of an annual report regarding the performance of the state and local councils.

Empower Families --- The bill streamlines and clarifies state and local ombudsman council duties and responsibilities. These modifications seek to more effectively serve the interests of long-term care residents, and potentially improve their quality of life.

B. EFFECT OF PROPOSED CHANGES:

BACKGROUND

The History and Emergence of Ombudsman Programs

The Long-Term Care Ombudsman Program began in 1972 through implementation of five state demonstration projects funded by the Departments of Health, Education and Welfare.¹ The projects formed as a response to growing concerns over the conditions present in our nation's nursing facilities, the care provided therein, and the effectiveness of governmental attempts to actively police and force compliance with state and federal regulations. A year later, the Administration on Aging assumed administrative responsibility for the program, and in 1978 the Long-Term Care Ombudsman Program was amended into the Older Americans Act of 1965.²

Today, variations of long-term care ombudsman programs are maintained in all 50 states, the District of Columbia and Puerto Rico. The central responsibilities for all ombudsmen are outlined in Subchapter XI of the Older Americans Act³ and include:

- identifying, investigating and resolving complaints made by or on behalf of residents;
- providing information to residents about long-term care services;
- representing the interests of residents before governmental agencies and seeking administrative, legal and other remedies to protect residents;
- analyzing, commenting on and recommending changes in laws and regulations pertaining to the health, safety, welfare and rights of residents;
- educating and informing consumers and the general public regarding issues and concerns related to long-term care, and facilitating public comment on laws, regulations, policies and actions;
- promoting the development of citizen organizations to participate in the program;
- providing technical support for the development of resident and family councils to protect the well-being and rights of residents, and
- advocating for changes to improve residents' quality of life and care.

The state's Long-Term Care Ombudsman Program ("the Program") was established as a volunteer program in 1975 and is presently administered by the Department of Elderly Affairs (DOEA).⁴ The Program is comprised of 17 local councils, one supervisory statewide council and more than 350 volunteer ombudsmen (each contributing an average of 20 hours per month). It provides advocacy and outreach services to residents of the state's long-term care facilities and their families in a variety of ways.

Program ombudsmen serve as advocates on behalf of residents in the following settings:⁵

Facility Type	Number of Facilities	Number of Beds
Nursing homes	812	80,889
Assisted living facilities	2,249	74,219
Adult family-care homes	469	2,023

Ombudsmen investigate and resolve complaints submitted by, or on behalf of, residents of these facilities who are 60 years of age or older.⁶ In 2004, a total of 7,555 complaints were investigated by state ombudsmen.⁷ The most frequent complaints made by residents of long-term care facilities were as follows:⁸

Type of Complaint	Number of Complaints
Accidents, injuries and falls	220
Improper transfer or discharge	214
Administration of medication	212
Personal hygiene	203
Call lights or requests for assistance unanswered	171

Most Frequent Complaints in Nursing Homes, 2004-2005

Type of Complaint	Number of Complaints
Administration of medication	162
Quality, quantity or variation of facility menus	139
Shortage of staff	107
Billing disputes	85
Cleanliness or housekeeping concerns	78

Most Frequent Complaints in Assisted Living Facilities and Adult Family-Care Homes, 2004-2005

In addition to its investigative capacities, the Program also is responsible for monitoring the development and implementation of federal, state and local regulations affecting long-term care facilities, recommending appropriate policy changes, and maintaining a statewide reporting system capable of collecting and analyzing data and providing information on the state long-term care facilities.⁹

Facility inspections¹⁰ are conducted annually by Program ombudsmen, and focus on the rights, health, safety and welfare of residents to ensure that facilities satisfy the numerous needs of their residents in compliance with state and federal regulations. In 2004-05, the Program completed a total of 2,908 inspections statewide, reflecting approximately 82 percent of Florida's licensed long-term care facilities.¹¹

The Program provides technical support for the development of resident and family councils to protect the rights of residents. Each of the state's 17 local councils also participates in community education sessions for service organizations, health and nursing home associations, and other community groups in an effort to recruit additional ombudsmen and to educate the public with information about the Program.

EFFECT OF PROPOSED CHANGES

In addition to providing a multitude of technical and conforming changes, the legislation makes several substantive modifications to Part I of Chapter 400, F.S.

Definitions

The bill provides definitions for both "local councils" and "state councils", and specifies that the "ombudsman" is appointed by the Secretary of DOEA to head the Office of State Long-Term Care Ombudsman.

Duties and Responsibilities of the Office of State Long-Term Care Ombudsman

The bill requires that residents, their representatives, and other interested citizens be informed about obtaining program services. The bill also clarifies that the Office of State Long-Term Care Ombudsman administers the state and local ombudsman councils – as opposed to merely providing "administrative and technical support." Moreover, the office is given explicit authority to establish and coordinate local councils, and an annual reporting requirement also is established (previously, the state council was responsible for submitting this report; the bill requires the state council to "assist" in preparation of the report). The report is intended to describe the activities of the office and councils, and it is required to combine and analyze complaint and facility condition data; evaluate resident problems; assess overall program success and compliance with provisions of the federal Older Americans Act; and provide recommendations for policy and regulatory changes, while also detailing any relevant recommendations supplied by local councils regarding program functions and activities. The report must be submitted to the secretary at least 30 days before the convening of a regular session, whereupon the secretary is required to submit the report to the United States Assistant Secretary for Aging, the Governor, the President of the Senate, the Speaker of the House of Representatives, the Secretary of the Department of Children and Family Services, and the Secretary of the Agency for Health Care Administration. The bill clarifies that staff members coordinating local councils are designated as representatives of the Office of State Long-Term Care Ombudsman.

Duties and Membership of the State Long-Term Ombudsman Council

The bill specifies that the State Long-Term Ombudsman Council serves as an advisory board to assist the ombudsman in reaching consensus among local councils on issues affecting either the program generally or residents individually. The bill clarifies that individual members of the state council may enter a long-term care facility involved in an appeal pursuant to newly created s. 400.0074(2), F.S. The bill deletes the requirement of DOEA to develop investigatory procedures and procedures regarding receipt and resolution of complaints.

¹⁰ As defined in s. 400.0073, F.S.

¹¹ *Florida's Long-Term Care Ombudsman Program Annual Snapshot 2004-2005.*

The legislation requires council membership by election, provides for removal of council members upon majority vote, and specifies that three at-large council members be appointed by the Governor after recommendation by the DOEA Secretary in consultation with the ombudsman. Each local council is provided with the authority to elect, by majority vote, a representative from among local council members to represent council interests on the state council. Whereas previously the council position of any member missing three consecutive regular meetings was declared vacant, the bill specifies that members missing three council meetings within a one-year period “may” have their seat declared vacant by the ombudsman. The bill limits the state council chair to two consecutive one-year terms, deletes the requirement that chairs must have served as state council members for at least one year, enables the council chair to create additional executive positions as needed, and provides for removal of the council chair upon a two-thirds vote of state council members at any meeting at which a quorum is present. The bill provides that a council quorum is present if more than 50 percent of all active state council members are in attendance at the same meeting. The bill prohibits votes or binding decisions outside of a publicly-noticed meeting at which a quorum is present.

Duties and Membership of Local Long-Term Care Ombudsman Councils

In an effort to conform state law to provisions of the Older Americans Act, the bill clarifies that the local ombudsman councils function under the direction of the ombudsman. The bill also provides that the state ombudsman shall designate local councils and their jurisdictional boundaries, and may create additional local councils as necessary to ensure that state residents have adequate access to program services. Also, whereas local councils presently have a duty to represent residents’ rights before government agencies, the bill alters this dynamic by requiring a local council to “recommend” that the ombudsman and legal advocate seek administrative, legal and other remedies on behalf of residents.

The bill specifies that local council members must maintain their primary residence within boundaries of the council’s jurisdiction, establishes minimum local council membership composition, and removes a cap on the number of volunteers that each local council can recruit. The bill eliminates language in s. 400.0069(4)(b), F.S., encouraging local councils to recruit council members who are 60 years of age or older. Guidelines for application and approval of prospective council members and removal procedures for council members are provided by the legislation. The bill eliminates the limitation on the number of 1-year terms that may be served by a local council chair, authorizes the chair to create additional executive positions as needed, and provides for removal of the council chair upon a two-thirds vote of local council members.

Consolidation of Conflict-of-Interest Provisions

The bill consolidates the various conflict of interest provisions¹² scattered throughout Part I of Chapter 400, F.S., into newly-created s. 400.0070, F.S., and requires each office employee and council member to certify that he or she has no conflict of interest. This section will prohibit the ombudsman from having a direct involvement in the licensing or certification of a long-term care facility or provider, and prevents the ombudsman’s employment with, ownership of, or investment in, a long-term care facility. DOEA is required to define by rule what situations constitute conflicts of interest and the procedure by which certification of an individual indicating no conflicts of interest occur.

Program Complaint and Investigation Procedures

The bill directs the ombudsman, in consultation with the state council and following approval by the DOEA Secretary, to develop procedures for conducting facility investigations subsequent to receiving a complaint and for conducting onsite administrative assessments of state facilities. The bill deletes the requirement of long-term care facilities to post such procedures in plain view, and specifies that an administrator refusing to allow entrance to the ombudsman or any state or local council member is considered to have interfered with such individual in the performance of his or her official duties.

¹² The provisions include ss. 400.0063(2)(b), 400.0065(3), 400.0067(4), 400.0069(4)(b) and 400.0069(10), F.S.

State Council Administrative Assessments

The bill requires local councils to conduct, at least annually and in addition to investigations pursuant to a complaint, an onsite administrative "assessment"¹³ of each nursing home, assisted living facility, and adult family-care home within its jurisdiction. Local councils also are encouraged to conduct similar onsite administrative assessments of the additional long-term care facilities within its jurisdiction. The assessments are required to be non-duplicative of other state survey and inspection efforts, and shall be conducted at a time and for duration necessary to produce the information required to carry out council duties.

Advance notice is not to be provided (except for follow-up assessments), and council members physically present are required to identify themselves and cite the relevant statutory authority for the assessment. Such assessments are not to unreasonably interfere with programs and activities of facility residents, and council members may not enter single-family residential units of a facility during an assessment without the permission of the resident or that resident's representative. The bill indicates that the ombudsman may authorize a state or local council member to assist another local council member in performing an assessment. The bill specifies that assessments may not be accomplished by forcible entry, but notes that an administrator refusing entry to representatives of the office or a council for the purpose of an assessment shall be considered to have interfered with such individual in the performance of his or her official duties.

Complaint Notification and Resolution Procedures

The bill requires that complaints verified as a result of an investigation or assessment and determined to require some measure of remedial action be identified in writing to the long-term care facility administrator, whereupon target dates for taking appropriate remedial action shall be established. The bill specifies that a local council chair who believes a resident's rights or welfare is being jeopardized notify the ombudsman or legal advocate. Similarly, an ombudsman who believes a facility or its employee has committed a criminal act is required to inform local law enforcement officials.

The bill deletes certain recourses available to the state council in the event a facility fails to take action upon a complaint referred to the state council by a local council, including a provision allowing for recommended agency rule and licensure changes, and a provision permitting referral of the complaint to the state attorney for prosecution. The bill specifies that a state council chair who believes residents' rights or welfare are being jeopardized shall notify the ombudsman or legal advocate.

Access to Facilities, Residents and Records

The legislation requires long-term care facilities to provide the office, councils and council members access to any portion of the facility, any resident, and his or her medical and social records for review as necessary to investigate or resolve a complaint. The bill clarifies that access to resident medical and social records necessary to investigate or resolve a complaint will be granted only if a legal representative of the resident refuses to give permission, the office has reasonable cause to suspect that such representative is not acting in the best interests of the resident, and the state or local council member obtains the approval of the ombudsman.

Also, the bill provides access to administrative records, policies and documents and, upon request, copies of all licensing and certification records pertaining to a facility. The bill deletes a provision allowing access to resident records where the office has reasonable cause to believe a legal representative who has refused such access is not acting in the best interests of the resident.

¹³ Presently, annual "inspections" of long-term care facilities are required by s. 400.0073, F.S., and are structurally similar to the requirements for administrative assessments in the bill.

Department Funding¹⁴

The bill directs the department to meet costs of the program through funds appropriated to it and to include the costs associated with the program when developing its budget requests for consideration by the Governor. The bill allows the department to divert from the federal ombudsman appropriation an amount equal to the department's administrative cost ratio, and directs the remaining allotment from the Older Americans Act to fund direct ombudsman activities.

Statewide Uniform Reporting System

The bill shifts responsibility from DOEA to the office for maintenance of a statewide uniform reporting system, intended to collect and analyze complaint and facility condition data. Similarly, the responsibility for quarterly publishing and making available information pertaining to the number and type of complaints received is shifted from the state council to the office.

Training Requirements

The bill specifies that all council members receive a minimum of 20 hours of training upon employment with the office or approval as a council member, and 10 hours of continuing education per year thereafter. The bill requires the ombudsman to approve training curriculum and indicates that such training should address, at a minimum and in addition to other training requirements, resident confidentiality and any other topic recommended by the secretary. The bill prohibits individuals from holding themselves out as representatives of the State Long-Term Care Ombudsman Program, or conducting any program duties, unless first satisfying the training detailed in s. 400.0091, F.S., and becoming certified by the ombudsman.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

The bill does not create, modify, amend, or eliminate a state expenditure.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

The bill does not create, modify, amend, or eliminate a local expenditure.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

Additional rulemaking

Section 8 of the bill requires the department to promulgate a rule to define situations that constitute a "conflict of interest", and the procedure by which an individual certifies that he or she has no conflict of interest.

Potential rulemaking issues

Section 400.0087, F.S., currently grants the department rulemaking authority to monitor the local councils. Section 400.0071, F.S., requires the council to "recommend to the ombudsman and the secretary" any procedures applicable to the state or local councils.

Under the current bill, the department's rulemaking authority is removed. The bill requires the state ombudsman, in consultation with the council, to "develop state and local procedures" for investigations and administrative assessments. The bill continues, "[t]he ombudsman shall implement all procedures developed under this section after receiving approval from the secretary."

It is unclear whether the policies created by the ombudsman require promulgation by rule. If yes, the bill should grant the department the appropriate rulemaking authority to implement the requirements under this section.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Other comments – State Council

Units within the executive branch are defined in chapter 20, F.S., in order to provide a uniform nomenclature. Section 20.03(7), F.S., defines the term "council" or "advisory council" to mean "an advisory body created by specific statutory enactment and appointed to function on a continuing basis for the study of the problems arising in a specified functional or program area of state government and to provide recommendations and policy alternatives."

The bill provides that the state council is to "serve as an advisory body." The bill, however, further provides that the state council may not vote on or make any binding decisions "outside of a publicly noticed meeting." It is unclear why an "advisory body" would make binding decisions, which appears to conflict with the bill's designation of the council as an advisory body and the statutory definition of "council."

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

At its March 8, 2006 meeting, the Committee on Elder and Long-Term Care adopted four amendments to HB 1067, which:

- restored language in the current definition of “resident”¹⁵ providing that, for purposes of long-term care ombudsman services, a resident must be 60 years of age or older. Deleting this language conflicted with the jurisdiction of the Statewide Advocacy Council.¹⁶
- deleted bill language to s. 400.0063, F.S., indicating that the office’s legal advocate was to serve as legal counsel to the state and local ombudsman councils and members in conjunction with DOEA’s legal counsel. This would have raised a possible conflict of interest relating to representation.¹⁷
- deleted bill language specifying that state council members serve at the pleasure of the Governor.
- clarified a provision in s. 400.0081(1)(c) to indicate that, prior to obtaining access to resident medical and social records pursuant to a facility investigation or resolution of a complaint, a legal representative of the resident must refuse to grant access, the office must have reasonable cause to believe that the representative is not acting in the best interests of the resident and the state or local council member must obtain the approval of the ombudsman. In addition to conforming this section to requirements found in 42 U.S.C.A. 3058g(b)(1)(B)(ii) of the Older Americans Act, this also served to clarify that all of the above requirements --- and not merely one requirement – must be satisfied by the office, council or council member prior to obtaining access to such records.

The Committee favorably reported a Committee Substitute.

125 400.0061 Legislative findings and intent; long-term care
126 facilities.--

127 (1) The Legislature finds that conditions in long-term
128 care facilities in this state are such that the rights, health,
129 safety, and welfare of residents are not fully ensured by rules
130 of the Department of Elderly Affairs or the Agency for Health
131 Care Administration, or by the good faith of owners or operators
132 of long-term care facilities. Furthermore, there is a need for a
133 formal mechanism whereby a long-term care facility resident, a
134 representative of a long-term care facility resident, or any

135 | other concerned citizen ~~or his or her representative~~ may make a
136 | complaint against the facility or an employee of the facility
137 | ~~its employees~~, or against other persons who are in a position to
138 | restrict, interfere with, or threaten the rights, health,

140 | The Legislature finds that concerned citizens are often more
141 | effective advocates for ~~of~~ the rights of others than
142 | governmental agencies. The Legislature further finds that in
143 | order to be eligible to receive an allotment of funds authorized
144 | and appropriated under the federal Older Americans Act, the

146 | Care Ombudsman, to be headed by the State Long-Term Care
147 | Ombudsman, and carry out a long-term care ombudsman program.

148 | (2) It is the intent of the Legislature, therefore, to
149 | utilize voluntary citizen ombudsman councils under the
150 | leadership of the ombudsman, and through them to operate an
151 | ombudsman program which shall, without interference by any
152 | executive agency, undertake to discover, investigate, and
153 | determine the presence of conditions or individuals which
154 | constitute a threat to the rights, health, safety, or welfare of
155 | the residents of long-term care facilities. To ensure that the
156 | effectiveness and efficiency of such investigations are not
157 | impeded by advance notice or delay, the Legislature intends that
158 | the ombudsman and ombudsman councils and their designated
159 | representatives not be required to obtain warrants in order to
160 | enter into or conduct investigations or onsite administrative
161 | assessments ~~inspections~~ of long-term care facilities. It is the
162 | further intent of the Legislature that the environment in long-

BILL #: HB 1123 Government Accountability
SPONSOR(S): Sansom and others
TIED BILLS: HB 1125 **IDEN./SIM. BILLS:** SB 2460

SUMMARY ANALYSIS

This bill does not appear to have a fiscal impact on state government revenues, but may have an unknown fiscal impact on state government expenditures. The bill does not appear to have a fiscal impact on local government expenditures or revenues.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – This bill provides a schedule to abolish state agencies, examining and licensing boards, councils, advisory councils, committees, task forces, coordinating councils, commissions or boards of trustees. This bill creates a legislative committee to review these entities and report its findings and recommendations.

B. EFFECT OF PROPOSED CHANGES:

Similar to laws that are currently in effect in other states, like Texas, the Florida Legislature previously abolished boards, committees, commissions, councils, and agencies, as well as regulations of businesses and professions, pursuant to a schedule and subject to legislative review.

Regulatory Reform Act of 1976/Regulatory Sunset Act

In enacting the Regulatory Reform Act of 1976, the Florida Legislature set forth a schedule to repeal provisions of law that regulated professions, occupations, businesses, or industries.¹ Codified as sections 11.61 and 11.6105, Florida Statutes, the Regulatory Reform Act of 1976 established criteria for the Legislature to consider in determining whether to reestablish a program or function and also provided for the appointment of a select joint committee to assist in implementation.

In 1981, the Regulatory Reform Act of 1976 was substantially reworded and changed to the Regulatory Sunset Act.² The Regulatory Sunset Act required each appropriate substantive committee to review programs and functions 15 months prior to the date set for repeal and to make a recommendation regarding continuation, modification, or repeal.

The Legislature repealed the Regulatory Sunset Act in 1991.³

Sundown Act

Section 11.611, Florida Statutes, was previously the Sundown Act.⁴ The Sundown Act, enacted in 1978, originally provided for the 1979 repeal of boards, committees, commissions, and councils which had not held a meeting after January 1, 1975.⁵ The Sundown Act also provided for the 1982 repeal of all other boards, committees, commissions, and councils.⁶ The Sundown Act required the Legislature to review these boards, committees, councils, and commissions to determine if any should be reestablished for the public interest.⁷ The Sundown Act prohibited boards, committees, commissions, and councils from being established for more than six years.⁸

The Sundown Act was substantially reworded in 1982.⁹ The revised Sundown Act contained criteria for the Legislature to consider in determining whether to reestablish an advisory body, commission, or

board of trustees. The revised Sundown Act also set forth a revised schedule for abolishment and review.

The Legislature repealed the Sundown Act in 1991.¹⁰

Explanation for the Previous Repeal of the Sunset and Sundown Acts

The bill analysis from the repeal of the Regulatory Sunset and Sundown Acts provides the following explanation for their repeal:

“This committee [Senate Committee on Governmental Operations] first studied the Regulatory Sunset Act and the Sundown Act in 1988. At that time, the committee was directed to assess the laws and their implementation, and to evaluate their accomplishments. The 1988 report considered the overall costs and benefits of the review process of entities subject to repeal under the Sunset and Sundown laws. As well, the prior report identified high tangible costs associated with Sunset and Sundown reviews. The benefits of the laws, while generally acknowledged by both legislative and executive agency staff, were found to be intangible, and therefore difficult to quantify.

The review of the Sunset and Sundown laws revealed that approximately 240 Sunset reviews have occurred between 1977 and 1991. Since then, an estimated 20 regulatory laws have been repealed, and 50 new ones have been created.

There have been approximately 280 Sundown reviews conducted since 1978. Ninety advisory bodies have been repealed since 1978, and an estimated 150 have been created. Of the 90 advisory bodies that have been repealed, 9 were repealed in 1978 without prior reviews, as the law provided, because they have not met in the 5 years prior to the passage of the Sundown Act.

Staff's review found that Sunset reviews are usually more complicated and time-consuming than Sundown reviews. This is due to the technical nature of many laws which regulate professions and industries.

Based on the 1991 review of these laws, and the data available to measure the costs of the reviews, it was concluded that the costs are high. The review also finds, however, that some benefits of the laws are recognized by legislative and agency staff because the laws serve as one mechanism for oversight of executive branch entities. The benefits, which are intangible, are difficult to quantify, while the costs of implementing the laws are very real, and are thus much easier to measure.

The 1991 interim project further indicates that the initial reviews conducted of Sunset and Sundown entities are generally perceived to be more useful, in terms of the substantive results they yield, than are second and other subsequent reviews. Further, although the results of second and other subsequent reviews are generally less substantive, such subsequent reviews require the same amount of time (i.e., 525 analyst-hours for Sunset reviews and 152 analyst-hours for Sundown reviews) as do first-time Sunset and Sundown reviews. The amount of time required of executive agency staff and of legislators is also the same for second and subsequent reviews, even though the benefits gained from the reviews appear to be far less than are those gained in first-time reviews. The review also found that, in 1987, many second-cycle Sunset and Sundown reviews began. This means that many of the reviews conducted since 1987 have been second or third-time reviews for Sunset and Sundown entities.

¹⁰ Ch. 91-429, Laws of Fla. § 5 (to take effect on the day following the day of adjournment sine die of the 1993 regular session of the Legislature). See also ch. 96-318, Laws of Fla., § 33.

The findings of this review also suggest that general oversight by legislative staff of executive agencies and of the statutes which govern them has decreased as staff has been required to perform an increasing number of Sunset and Sundown reviews assigned by law. Since general oversight responsibilities are of a more discretionary nature, reviews which are required by statute necessarily take precedence over projects which are discretionary.”¹¹

This analysis, then, recognizes the value of the review process, particularly the initial review. The State of Florida has not had the benefits of such a process for more than a decade.

Florida Government Accountability Act

HB 1123 creates the Florida Government Accountability Act. The bill recreates chapter 21, Florida Statutes,¹² provides definitions, establishes the Legislative Sunset Advisory Committee, provides the membership and organization of the Legislative Sunset Advisory Committee, creates a schedule to abolish state agencies and advisory committees, requires reports and assistance from agencies, sets criteria for review, provides responsibilities for the Legislative Sunset Advisory Committee, authorizes subpoenas, provides for abolition and continuation, creates procedures after termination, requires review and monitoring, and provides a savings clause.

Definitions

The bill provides definitions¹³ for state agency and agency. This definition not only includes departments,¹⁴ but also any other administrative unit of state government scheduled for termination and prior review under the Florida Government Accountability Act.

The bill defines “advisory committee” as “any examining and licensing board, council, advisory council, committee, task force, coordinating council, commission, or board of trustees.”¹⁵ Advisory committee also includes “any group, by whatever name, created to provide advice or recommendations to one or more agencies, departments, divisions, bureaus, boards, sections, or other units or entities of state government.”

Legislative Sunset Advisory Committee: Membership

The bill creates the Legislative Sunset Advisory Committee (“LSAC”) with the following composition:

- Five members of the Senate;
- One public member appointed by the President of the Senate;
- Five members of the Florida House of Representatives; and
- One public member appointed by the Speaker of the House of Representatives¹⁶

Each member serves terms of two years and a public member may not serve more than two consecutive two-year terms.¹⁷ The bill prohibits an individual from serving as the public member if he or she is regulated by a state agency that the LSAC will review during the term for which the individual

¹⁵ The bill references the definitions in sections 20.03(3), (7), (8), (9), (10), or (12), Florida Statutes.

¹⁶ The bill contains several other provisions related to appointment: (1) Each appointed authority is permitted to designate himself or herself as one of the legislative appointees; (2) If a legislative member ceases to be a member of the house from which he or she was appointed, the member vacates his or her membership on the committee; (3) If a vacancy occurs, the appropriate appointing authority shall appoint a person to serve for the remainder of the unexpired term in the same manner as the original appointment. would serve or if he or she is employed by, participates in the management of, or directly or indirectly has more than a 10-percent interest in a business entity or other organization regulated by a state agency the LSAC will review during the term for which the individual would serve.¹⁸

LSAC: Organization

The bill requires initial appointments to be made no later than November 30, 2006, and subsequent appointments shall be made not later than January 15 of the year following each organization session of the Legislature.

The bill provides that the LSAC will have a chair and vice chair, each from a different chamber, that alternates each year between the Senate and the House.¹⁹

The bill sets a quorum for the LSAC as seven members and requires a recorded vote of seven for a final action or recommendation.

The bill permits each member of the LSAC to be reimbursed for actual and necessary expenses incurred in performing LSAC duties.²⁰

The bill allows each chamber to employ staff to work for the chair and vice chair on matters related to LSAC activities.

Agency and Advisory Committee Reports and Requests for Assistance

Based on this schedule, the bill requires agencies and their advisory committees to report to the Legislature not later than October 20th of even-numbered years and not later than July 31st of odd-numbered years. The agency must address the specified review criteria and provide any other appropriate or requested information.

The bill allows the LSAC to request the assistance of state agencies and officers and requires assistance when requested. The bill specifically authorizes the LSAC or its designated staff to inspect the records, documents, and files of any state agency.

Review Criteria

The bill requires agencies and advisory committees to address, and the LSAC to consider, fourteen criteria for determining whether a public need exists for the continuation of a state agency or its advisory committees or the performance of the functions of the agency or its advisory committees.²²

²² HB 1123 (2005), § 21.011. These are the criteria:

- (1) The efficiency with which the agency or advisory committee operates.
- (2) An identification of the objectives intended for the agency or advisory committee and the problem or need that the agency or advisory committee was intended to address, the extent to which the objectives have been achieved, and any activities of the agency in addition to those granted by statute and the authority for these activities.
- (3) An assessment of less restrictive or alternative methods of providing any regulatory function for which the agency is responsible while adequately protecting the public.
- (4) The extent to which the advisory committee is needed and is used.
- (5) The extent to which the jurisdiction of the agency and the programs administered by the agency overlap or duplicate those of other agencies and the extent to which the programs administered by the agency can be consolidated with the programs of other state agencies.
- (6) Whether the agency has recommended to the Legislature statutory changes calculated to be of benefit to the public rather than to an occupation, business, or institution that the agency regulates.
- (7) The promptness and effectiveness with which the agency disposes of complaints concerning persons affected by the agency.
- (8) The extent to which the agency has encouraged participation by the public in making its rules and decisions as opposed to participation solely by those it regulates and the extent to which the public participation has resulted in rules compatible with the objectives of the agency.
- (9) The extent to which the agency has complied with applicable requirements of an agency of the Federal Government or of this state regarding equality of employment opportunity and the rights and privacy of individuals; or state law and applicable rules of any state agency regarding purchasing goals and programs for historically underutilized businesses.
- (10) The extent to which changes are necessary in the enabling statutes of the agency so that the agency can adequately comply with the criteria listed in this section.

LSAC Responsibilities

The bill creates several responsibilities for the LSAC based on these criteria.

Review. The LSAC is required to review the agency evaluations regarding these criteria.

Public Hearings. The LSAC must complete all public hearings concerning the application of these criteria to the agency and its advisory committees by no later than March 1 of the year in which the state agency and its advisory committees are scheduled to be abolished.²³

Consultation. The LSAC has to consult with the Legislative Budget Commission, the Planning and Budgeting Office in the Executive Office of the Governor, the Auditor General, and the Chief Financial Officer, or their successors, on the application of these criteria to the agencies and its advisory committees.

Report. The LSAC must report its specific findings regarding these criteria, make recommendations, and provide other information necessary for a complete evaluation of each agency and its advisory committees.

Recommendations. The LSAC must make three types of recommendations: (1) on the abolition, continuation, or reorganization of each affected state agency and its advisory committees and on the need for the performance of the functions of the agency and its advisory committees; (2) on the consolidation, transfer, or reorganization of programs within state agencies not under review when the programs duplicate functions performed in agencies under review; (3) on appropriation levels for each state agency and advisory committee for which abolition or reorganization is recommended. The LSAC also must include drafts of legislation necessary to carry out the LSAC's recommendations.

Subpoena Powers

The bill allows the President of the Senate or the Speaker of the House of Representatives to issue subpoenas, which may be served on a witness at any place in the state, to compel the attendance of witnesses and the production of books, records, papers, and other objects necessary or proper for the purposes of the LSAC proceedings. The bill allows the LSAC to request the issuance of a subpoena.

The bill requires testimony taken under subpoena to be reduced to writing and given under oath subject to the penalties of perjury.

The bill provides that a witness who attends a LSAC proceeding under process is entitled to the same mileage and per diem as a witness who appears before a grand jury in this state.

Abolition and Continuation

An advisory committee is abolished on the date set for abolition of the agency unless the advisory committee is expressly continued by law. Yet, during the regular session immediately prior to being abolished, a state agency and its advisory committees may be continued by the Legislature for a period not to exceed eight years. The Legislature may, however, only consider one state agency and the

-
- (11) The extent to which the agency issues and enforces rules relating to potential conflicts of interest of its employees.
 - (12) The extent to which the agency complies with public records and public meetings requirements under chapters 119 and 287, Florida Statutes, and section 24, Article I of the Florida Constitution and follows records management practices that enable the agency to respond efficiently to requests for public information.
 - (13) The effect of federal intervention or loss of federal funds if the agency is abolished.
 - (14) Whether any advisory committee or any other part of the agency exercises its powers and duties independently of the direct supervision of the agency head in violation of section 6, Article IV of the Florida Constitution.

²³ Fla. HB 1123 (2005), § 21.008 (the scope of the public hearings is not limited to this criteria).

agency's functions and advisory committees in a single bill, unless more than one agency, advisory committee, or function is to be consolidated. The bill requires that any bill to continue a state agency, to transfer its functions, or to consolidate it with another agency must mention the affected agencies in the title of the bill.

The bill specifically authorizes the Legislature to abolish a state agency or advisory committee on a date earlier than that scheduled in this chapter or to consider legislation related to a state agency or advisory committee which is scheduled to be abolished.

Procedure after Termination

The bill contains provisions related to concluding business, remaining funds, property, and indebtedness.

Concluding Agency Business. Any state agency that is abolished may continue in existence until July 1 of the following year in order to conclude its business.²⁴ The terminated agency must cease all activities at the expiration of the one-year period and all rules that have been adopted expire, unless otherwise provided by law.

Funds. The bill provides that any unobligated and unexpended appropriations of an abolished agency or advisory committee lapse on July 1 of the year following abolishment. All money in a dedicated fund of an abolished state agency or advisory committee on July 1 of the year immediately following abolishment is transferred to the General Revenue Fund and any part of law dedicating the money to a specific fund of an abolished agency becomes void on July 1 of the year immediately following abolishment.

Property. Property and records in the custody of an abolished state agency or advisory committee on July 1 of the year immediately following abolishment shall be transferred to the Department of Management Services, unless otherwise provided by law.

Indebtedness. The bill recognizes the Legislature's continuing obligation to pay bonded indebtedness and all other obligations incurred by a state agency abolished under this chapter. The bill provides that the Florida Government Accountability Act does not impair or impede the payment of bonded indebtedness and other obligations. The bill specifically declares the outstanding bonded indebtedness or other outstanding obligations of an abolished state agency valid and enforceable in accordance with their terms and subject to all applicable terms and conditions. The bill requires the Department of Management Services to continue to carry out all covenants contained in the bonds and in all other obligations. The bill requires the designated state agency to provide payment from the sources of payment of the bonds in accordance with the terms of the bonds and to provide payment from the sources of payment of all other obligations until the bonds and interest on the bonds are paid in full and all other obligations are performed and paid in full. If provided, all funds established by laws or proceedings and bonds or other obligations shall remain with the Chief Financial Officer or the previously designated trustee. If the proceedings do not provide that the funds remain with the Chief Financial Officer or the previously designated trustee, the funds shall be transferred to the designated state agency.

LSAC Review and Monitoring

The bill requires the President of the Senate and the Speaker of the House to forward to the LSAC each bill that creates a new state agency or advisory committee for the purpose of making four determinations:

²⁴ Fla. HB 1123 (2005), §21.017 (Abolishment does not reduce or otherwise limit the powers and authority of the state agency during the concluding year unless the law provides otherwise.).

- (1) Whether the proposed regulatory and other functions of the state agency or advisory committee could be administered by one or more existing state agencies or advisory committees;
- (2) Whether the form of regulation, if any, proposed by the bill is the least restrictive form of regulation that will adequately protect the public;
- (3) Whether the bill provides for adequate public input regarding any regulatory function proposed by the bill; and
- (4) Whether the bill provides for adequate protection against conflicts of interest within the state agency or advisory committee.

After reviewing the bill, the LSAC must forward a written comment on the legislation to the sponsor of the bill and to the chair of the substantive legislative committee to which the bill is referred. Implementation is prohibited until a recommendation is made.

The bill also requires LSAC staff to monitor legislation that affects agencies and advisory committees which have undergone review. LSAC staff also are required to periodically report to the members of the LSAC on proposed changes that would modify prior recommendations of the LSAC.

Savings Clause

The bill contains a savings clause which provides that abolition of a state agency does not affect rights and duties that matured, penalties that were incurred, civil or criminal liabilities that arose, or proceedings that were begun before the effective date of the abolition, except as otherwise expressly provided by law.

C. SECTION DIRECTORY:

Section 1: Creates chapter 21, Florida Statutes, the Florida Government Accountability Act, the Legislative Sunset Advisory Committee, and related sunset provisions for state agencies and advisory committees.

Section 2: Provides that the bill takes effect July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

This bill appears to have a fiscal impact on state government expenditures, but the exact nature of that impact is unknown. If a state agency or advisory committee is abolished, the state may realize some cost savings. There will, however, be some operational expenses for the LSAC.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill does not appear to have a direct economic impact on the private sector.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. This bill does not appear to reduce the percentage of a state tax shared with counties or municipalities. This bill does not appear to reduce the authority that counties or municipalities have to raise revenue.

2. Other:

Advisory Committees of Constitutional Officers, Agencies, or Entities

There may be a constitutional conflict to the extent that this bill abolishes or attempts to abolish advisory committees created under the authority of a constitutional officer, agency, or entity rather than those authorized by statute, which the Legislature has the discretion to abolish.

Previous Constitutional Attacks

The authority of the Legislature to implement a similar provision related to abolishing regulatory programs was upheld after the court dismissed a challenge to the constitutionality of the Regulatory Reform Act of 1976.²⁵

B. RULE-MAKING AUTHORITY:

This bill does not appear to create, modify, or eliminate rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Placement in Chapter 21, Florida Statutes

Chapter 11, Florida Statutes, provides for legislative organization, procedures, and staffing. The sponsor may wish to place the Florida Government Accountability Act in chapter 11, Florida Statutes, rather than recreating chapter 21, Florida Statutes.

Public Members on a Legislative Committee

Public members generally are not appointed to serve on standing legislative committees. Even though this committee is an "advisory" committee, some of its powers appear to be similar to those which are normally reserved to committees composed only of legislators, i.e. the power to keep a bill creating an agency from being implemented. Also, it is not clear whether a public member is prohibited from serving as the chair or vice-chair of a committee. The sponsor may wish to address these issues.

²⁵ *Alterman Transp. Lines, Inc. v. State*, 405 So.2d 456 (Fla. 1st DCA 1981).

Abbreviated Timeframes after Election Years

The schedule set forth in the bill creates potentially short timeframes for the LSAC to do its required work in years after election years. That is, the bill requires appointment no later than January 15th of the year following an organizational session, but the LSAC must hold public hearings and issue reports by March 1st, potentially a month and a half. For example, if the LSAC were appointed on January 15, 2009, it then has to review four major agencies prior to March 1, 2009: Department of Children and Family Services, Department of the Lottery, Department of Management Services, and the Department of State. The sponsor may wish to address this abbreviated timeframe.

Interaction with Existing Legislative Entities and Structures

The bill does not clearly provide how the LSAC will interact with existing legislative committees and structures such as standing committees, fiscal committees, the Joint Legislative Auditing Committee, and the Office of Program Policy and Government Accountability. Although there is a “consulting” requirement, the sponsor may wish to clarify the intended interaction.

No Distinction between Sunset (Regulatory) and Sundown (Structural/Functional) Review

Unlike the Sunset and Sundown Reviews, this bill combines the structural and functional review of an agency and its advisory committees with regulatory review. The sponsor may wish to address this issue if there is a different intent.

No Implementation without Recommendation

The provision which requires a recommendation by the LSAC before a bill creating an agency or advisory committee can be implemented may create future conflict if the Legislature passes such a bill without this recommendation. The sponsor may wish to address this situation. One way to do this might be to create a time requirement for the LSAC recommendation.

Inspection of Records

The sponsor may wish to strengthen the provision authorizing the LSAC or its designated staff member to inspect the records, documents, and files of any state agency to include access to confidential and exempt records.

34 CHAPTER 21

35 GOVERNMENT ACCOUNTABILITY

36 21.001 Short title.--This chapter may be cited as the
37 "Florida Government Accountability Act."

38 21.002 Definitions.--As used in this chapter:

39 (1) "State agency" or "agency" means a department as
40 defined in s. 20.03(2) or any other administrative unit of state
41 government scheduled for termination and prior review under this
42 chapter.

43 (2) "Advisory committee" means any examining and licensing
44 board, council, advisory council, committee, task force,
45 coordinating council, commission, or board of trustees as
46 defined in s. 20.03(3), (7), (8), (9), (10), or (12) or any
47 group, by whatever name, created to provide advice or
48 recommendations to one or more agencies, departments, divisions,
49 bureaus, boards, sections, or other units or entities of state
50 government.

51 (3) "Committee" means the Legislative Sunset Advisory
52 Committee.

53 21.003 Legislative Sunset Advisory Committee.--

54 (1) The Legislative Sunset Advisory Committee is created
55 and shall consist of five members of the Senate, one public
56 member appointed by the President of the Senate, and five

HB 1123

2006

members of the House of Representatives, and one public member appointed by the Speaker of the House of Representatives. Each appointing authority may designate himself or herself as one of the legislative appointees.

(2) An individual is not eligible for appointment as a public member if the individual or the individual's spouse is:

(a) Regulated by a state agency that the committee will review during the term for which the individual would serve; or

(b) Employed by, participates in the management of, or directly or indirectly has more than a 10-percent interest in a business entity or other organization regulated by a state agency the committee will review during the term for which the individual would serve.

(3) It is a ground for removal of a public member from the committee if the member does not have the qualifications required by subsection (2) for appointment to the committee at the time of appointment or does not maintain the qualifications while serving on the committee. The validity of the committee's action is not affected by the fact that it was taken when a ground for removal of a public member from the committee existed.

(4) Legislative and public members shall serve terms of 2 years. A public member may not serve more than two consecutive 2-year terms; and, for purposes of this prohibition, a member is considered to have served a term only if the member has served more than half of the term.

(5) Initial appointments shall be made not later than November 30, 2006, and subsequent appointments shall be made not

HB 1123

2006

later than January 15 of the year following each organization session of the Legislature.

(6) If a legislative member ceases to be a member of the house from which he or she was appointed, the member vacates his or her membership on the committee.

(7) If a vacancy occurs, the appropriate appointing authority shall appoint a person to serve for the remainder of the unexpired term in the same manner as the original appointment.

(8) The committee shall have a chair and vice chair as presiding officers. The chair and vice chair must alternate each year between the two membership groups appointed by the President of the Senate and the Speaker of the House of Representatives. The chair and vice chair may not be from the same membership group. The President of the Senate shall designate a presiding officer from his appointed membership group who shall preside as chair during the odd-numbered year and as vice chair during the even-numbered year, and the Speaker of the House of Representatives shall designate the other presiding officer from his appointed membership group who shall preside as chair during the even-numbered year and as vice chair during the odd-numbered year.

(9) Seven members of the committee constitute a quorum. A final action or recommendation may not be made unless approved by a recorded vote of a majority of the committee's full membership.

(10) Each member of the committee is entitled to reimbursement for actual and necessary expenses incurred in

HB 1123

2006

performing committee duties. Each legislative member is entitled to reimbursement from the appropriate fund of the member's respective house. Each public member is entitled to reimbursement from funds appropriated for use by the committee.

21.004 Staff.--The Senate and the House of Representatives may each employ staff to work for the chair and vice chair of the committee on matters related to committee activities.

21.006 Agency report to committee.--Not later than October 30 of each even-numbered year and not later than July 31 of each odd-numbered year of the year preceding the year in which a state agency and its advisory committees are scheduled to be abolished, the agency shall report to the committee:

(1) Information regarding the application to the agency of the criteria in s. 21.0111.

(2) Any other information that the agency considers appropriate or that is requested by the committee.

21.007 Committee duties.--Not later than March 1 of the year in which a state agency is scheduled to be abolished, the committee shall:

(4) Review the implementation of committee recommendations contained in the reports presented to the Legislature during the preceding legislative session.

21.008 Public hearings.--Not later than March 1 of the year in which a state agency and its advisory committees are scheduled to be abolished, the committee shall have finished

21.009 Committee report.--

(1) By March 1 of each year, the committee shall present

(b) Its recommendations based on the matters prescribed by
s. 21.012.

(c) Other information the committee considers necessary
for a complete evaluation of each agency and its advisory
committees.

21.0111 Criteria for review.--The committee shall consider
the following criteria in determining whether a public need
exists for the continuation of a state agency or its advisory
committees or for the performance of the functions of the agency
or its advisory committees:

(1) The efficiency with which the agency or advisory
committee operates.

(2) An identification of the objectives intended for the
agency or advisory committee and the problem or need that the
agency or advisory committee was intended to address, the extent
to which the objectives have been achieved, and any activities
of the agency in addition to those granted by statute and the

HB 1123

2006

authority for these activities.

(3) An assessment of less restrictive or alternative methods of providing any regulatory function for which the agency is responsible while adequately protecting the public.

(4) The extent to which the advisory committee is needed and is used.

(5) The extent to which the jurisdiction of the agency and the programs administered by the agency overlap or duplicate those of other agencies and the extent to which the programs administered by the agency can be consolidated with the programs of other state agencies.

(6) Whether the agency has recommended to the Legislature statutory changes calculated to be of benefit to the public rather than to an occupation, business, or institution that the agency regulates.

(7) The promptness and effectiveness with which the agency disposes of complaints concerning persons affected by the agency.

(8) The extent to which the agency has encouraged participation by the public in making its rules and decisions as opposed to participation solely by those it regulates and the extent to which the public participation has resulted in rules compatible with the objectives of the agency.

(9) The extent to which the agency has complied with applicable requirements of:

(a) An agency of the Federal Government or of this state regarding equality of employment opportunity and the rights and privacy of individuals.

HB 1123

2006

253 (b) State law and applicable rules of any state agency
254 regarding purchasing goals and programs for historically

257 enabling statutes of the agency so that the agency can
258 adequately comply with the criteria listed in this section.

259 (11) The extent to which the agency issues and enforces
260 rules relating to potential conflicts of interest of its
261 employees.

262 (12) The extent to which the agency complies with public
263 records and public meetings requirements under chapters 119 and
264 287 and s. 24, Art. I of the State Constitution and follows
265 records management practices that enable the agency to respond
266 efficiently to requests for public information.

267 (13) The effect of federal intervention or loss of federal
268 funds if the agency is abolished.

269 (14) Whether any advisory committee or any other part of
270 the agency exercises its powers and duties independently of the
271 direct supervision of the agency head in violation of s. 6, Art.
272 IV of the State Constitution.

273 21.012 Recommendations.--In its report on a state agency,
274 the committee shall:

275 (1) Make recommendations on the abolition, continuation,
276 or reorganization of each affected state agency and its advisory
277 committees and on the need for the performance of the functions
278 of the agency and its advisory committees.

279 (2) Make recommendations on the consolidation, transfer,
280 or reorganization of programs within state agencies not under

HB 1123

2006

281 review when the programs duplicate functions performed in
282 agencies under review.

283 (3) Recommend appropriation levels for each state agency
284 and advisory committee for which abolition or reorganization is
285 recommended under subsection (1) or subsection (2).

286 (4) Include drafts of legislation necessary to carry out
287 the committee's recommendations under subsection (1) or
288 subsection (2).

289 21.0125 Monitoring of recommendations.--During each
290 legislative session, the staff of the committee shall monitor
291 legislation affecting agencies that have undergone review under
292 this chapter and shall periodically report to the members of the
293 committee on proposed changes that would modify prior
294 recommendations of the committee.

295 21.013 Abolition of advisory committees.--An advisory
296 committee is abolished on the date set for abolition of the
297 agency unless the advisory committee is expressly continued by
298 law.

299 21.015 Continuation by law.--

300 (1) During the regular session immediately before a state
301 agency and its advisory committees are scheduled to be
302 abolished, the Legislature, by law, may continue the agency or
303 any of its advisory committees for a period not to exceed 8
304 years.

305 (2) This chapter does not prohibit the Legislature from:

306 (a) Abolishing a state agency or advisory committee on a
307 date earlier than that scheduled in this chapter; or

308 (b) Considering any other legislation relative to a state

HB 1123

2006

agency or advisory committee scheduled to be abolished under this chapter.

21.016 Legislative consideration.--

(1) Except as provided by subsection (2), the Legislature may not consider in one bill the continuation, transfer, or modification of more than one state agency and the agency's functions and advisory committees.

(2) If more than one agency, advisory committee, or function is to be consolidated, the Legislature may consider in one bill only the agencies or advisory committees to be consolidated.

(3) A bill to continue a state agency, to transfer its functions, or to consolidate it with another agency must mention the affected agencies in the title of the bill.

21.017 Procedure after termination.--

(1) A state agency that is abolished may continue in existence until July 1 of the following year to conclude its business. Unless the law provides otherwise, abolishment does not reduce or otherwise limit the powers and authority of the state agency during the concluding year. A state agency is terminated and shall cease all activities at the expiration of the 1-year period. Unless the law provides otherwise, all rules that have been adopted by the state agency expire at the expiration of the 1-year period.

(2) Any unobligated and unexpended appropriations of an abolished agency or advisory committee lapse on July 1 of the year following abolishment.

(3) Except as provided by subsection (5) or as otherwise

337 provided by law, all money in a dedicated fund of an abolished
338 state agency or advisory committee on July 1 of the year
339 immediately following abolishment is transferred to the General
340 Revenue Fund. The part of the law dedicating the money to a
341 specific fund of an abolished agency becomes void on July 1 of
342 the year immediately following abolishment.

343 (4) If not otherwise provided by law, property and records
344 in the custody of an abolished state agency or advisory
345 committee on July 1 of the year immediately following
346 abolishment shall be transferred to the Department of Management
347 Services.

348 (5) The Legislature recognizes the state's continuing
349 obligation to pay bonded indebtedness and all other obligations,
350 including lease, contract, and other written obligations,
351 incurred by a state agency abolished under this chapter, and
352 this chapter does not impair or impede the payment of bonded
353 indebtedness and all other obligations, including lease,
354 contract, and other written obligations, in accordance with
355 their terms. If an abolished state agency has outstanding bonded
356 indebtedness or other outstanding obligations, including lease,
357 contract, and other written obligations, the bonds and all other
358 obligations, including lease, contract, and other written
359 obligations, remain valid and enforceable in accordance with
360 their terms and subject to all applicable terms and conditions
361 of the laws and proceedings authorizing the bonds and all other
362 obligations, including lease, contract, and other written
363 obligations. If not otherwise provided by law, the Department of
364 Management Services shall continue to carry out all covenants

HB 1123

2006

contained in the bonds and in all other obligations, including
lease, contract, and other written obligations, and the
proceedings authorizing them, including the issuance of bonds,
and the performance of all other obligations, including lease,
contract, and other written obligations, to complete the
construction of projects or the performance of other
obligations, including lease, contract, and other written
obligations. The designated state agency shall provide payment
from the sources of payment of the bonds in accordance with the
terms of the bonds and shall provide payment from the sources of
payment of all other obligations, including lease, contract, and
other written obligations, in accordance with their terms,
whether from taxes, revenues, or otherwise, until the bonds and
interest on the bonds are paid in full and all other
obligations, including lease, contract, and other written
obligations, are performed and paid in full. If the proceedings
so provide, all funds established by laws or proceedings
authorizing the bonds or authorizing other obligations,
including lease, contract, and other written obligations, shall
remain with the Chief Financial Officer or the previously
designated trustees. If the proceedings do not provide that the
funds remain with the Chief Financial Officer or the previously
designated trustees, the funds shall be transferred to the
designated state agency.

21.018 Subpoena power.--

(1) The President of the Senate or the Speaker of the
House of Representatives may issue process to compel the
attendance of witnesses and the production of books, records,

HB 1123

2006

papers, and other objects necessary or proper for the purposes of the committee proceedings. The process may be served on a witness at any place in this state.

(2) If a majority of the committee directs the issuance of a subpoena, the chair shall request that the President of the Senate or the Speaker of the House of Representatives issue the subpoena.

(3) Testimony taken under subpoena must be reduced to writing and given under oath subject to the penalties of perjury.

(4) A witness who attends a committee proceeding under process is entitled to the same mileage and per diem as a witness who appears before a grand jury in this state.

21.019 Assistance of and access to state agencies.--

(1) The committee may request the assistance of state agencies and officers. When assistance is requested, a state agency or officer shall assist the committee.

(2) In carrying out its functions under this chapter, the committee or its designated staff member may inspect the records, documents, and files of any state agency.

21.0211 Saving provision.--Except as otherwise expressly provided by law, abolition of a state agency does not affect rights and duties that matured, penalties that were incurred, civil or criminal liabilities that arose, or proceedings that were begun before the effective date of the abolition.

21.022 Review of proposed legislation creating a new agency or advisory committee.--

(1) Each bill filed in the Senate or the House of

HB 1123

2006

Representatives that would create a new state agency or a new advisory committee to a state agency shall be forwarded by the President of the Senate or the Speaker of the House of Representatives, as applicable, to the committee.

(2) The committee shall review the bill to determine if:

(a) The proposed regulatory and other functions of the state agency or advisory committee could be administered by one or more existing state agencies or advisory committees;

(b) The form of regulation, if any, proposed by the bill is the least restrictive form of regulation that will adequately protect the public;

(c) The bill provides for adequate public input regarding any regulatory function proposed by the bill; and

(d) The bill provides for adequate protection against conflicts of interest within the state agency or advisory committee.

(3) After reviewing the bill, the committee shall forward a written comment on the legislation to the sponsor of the bill and to the chair of the substantive legislative committee to which the bill is referred, and implementation cannot take place until a recommendation is made.

Section 2. This act shall take effect July 1, 2006.

SUMMARY ANALYSIS

This bill creates a public records exemption for the working papers of the Legislative Sunset Advisory Committee. Working papers includes "all documentary and other information." Working papers must be prepared as part of the work of the Legislative Sunset Advisory Committee in conducting evaluations and preparing reports.

The bill also provides, similar to an existing provision, that if a record held by another entity is confidential and exempt by law, it remains confidential and exempt if the Legislative Sunset Committee receives the document in connection with the performance of its duties.

The bill provides the required five-year-review for new public records exemptions.

The bill contains a public necessity statement.

This bill does not appear to create, modify, or eliminate rulemaking authority.

This bill does not appear to have a fiscal impact on local governments. The bill does not appear to have an impact on state government revenues, but may have a minimal fiscal impact on the expenditures of state government for implementation.

This bill requires passage by a two-thirds vote of each house.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill decreases access to public records.

B. EFFECT OF PROPOSED CHANGES:

Access to Public Records

Access to the public records of any public body is a right provided by Article 1, section 24(a) of the Florida Constitution:

Every person has the right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or persons acting on their behalf, except with respect to records exempted pursuant to this section or specifically made confidential by this Constitution

Section 119.07(1), Florida Statutes, provides further implementation of this right:

Every person who has custody of a public record shall permit the record to be inspected and copied by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records.¹

Requirements for Public Records Exemptions

The Legislature may limit the right of the public to inspect or copy any public record by creating an exemption by general law.² This general law must “state with specificity the public necessity justifying the exemption” and be “no broader than necessary to accomplish the stated purpose of the law.”³ The Legislature has created numerous public records exemptions.

Relevant Public Records Exemptions: Legislature

Section 11.0431, Florida Statutes, exempts the following public records⁴ from inspection and copying:

- *Records or information held by the legislative branch of government that would be confidential or exempt if held by an agency⁵ or any other unit of government;⁶*
- A formal complaint about a member or officer of the Legislature or about a lobbyist and the records relating to the complaint;⁷

¹ Fla. Stat. § 119.07(1)(a) (2005).

² Fla. Const. art. 1, § 24.

³ *Id.*

⁴ Fla. Stat. § 11.0431(4) (2005) (defines public record as “all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, or other material, regardless of physical form or characteristics, made or received pursuant to law or ordinance or in connection with the transaction of official business by the legislative branch.”).

⁵ Fla. Stat. § 119.011 (2005).

⁶ Fla. Stat. § 11.0431(1)(a) (2005).

⁷ Fla. Stat. § 11.0431(2)(b) (2005) (exempt until “the complaint is dismissed, until the complaint is dismissed, a determination as to probable cause has been made, a determination that there are sufficient grounds for review has been made and no probable cause panel is to be appointed, or the respondent has requested in writing that the President of the Senate or the Speaker of the House of Representatives make public the complaint or other records relating to the complaint, whichever occurs first.”).

- A legislatively produced draft, or a legislative request for a draft, of a bill, resolution, memorial, legislative rule, or amendment;⁸
- A draft of a bill analysis or fiscal note;⁹
- A draft, request for a draft, amendment, and supporting documents for a reapportionment plan or redistricting plan;¹⁰
- Records prepared for or used in any executive session of the Senate;¹¹
- Portions of records of former legislative investigating committees whose records are sealed or confidential;¹²
- Requests by members for an advisory opinion concerning the application of the rules of either house pertaining to ethics;¹³ and
- Portions of correspondence held by the legislative branch which, if disclosed, would reveal: (1) information otherwise exempt from disclosure by law; (2) an individual's medical treatment, history, or condition; or (3) the identity or location of an individual if there is a substantial likelihood that releasing such information would jeopardize the health or safety of that individual; or information regarding physical abuse, child abuse, spouse abuse, or abuse of the elderly.¹⁴

A New Public Records Exemption for the Legislature

This bill provides that working papers of the Legislative Sunset Advisory Committee are confidential and exempt from section 119.07(1), Florida Statutes, and article I, section 24(a), Florida Constitution. Working papers includes "all documentary and other information." The working papers must be prepared as part of the work of the Legislative Sunset Advisory Committee in conducting evaluations and preparing reports.

The bill also provides that if a record held by another entity is confidential and exempt by law, it remains confidential and exempt if the Legislative Sunset Committee receives the document in connection with the performance of its duties.

Public Records Exemption Review: Open Government Sunset Review Act

Section 119.15, Florida Statutes, mandates the review and repeal or reenactment of any exemption from public records requirements in the fifth year after the enactment of a new exemption. Unless the Legislature acts to reenact the newly created exemption, it is repealed on October 2nd of the fifth year. The bill recognizes this required review and provides for repeal on October 2, 2011, unless reviewed and saved from repeal through reenactment by the Legislature.

Stat. § 11.0431(2)(h) (2005) (unless "the member requesting the opinion authorizes in writing the release of such information; provided, however, that all advisory opinions must be open to inspection except that the identity of the member shall not be disclosed in the opinion unless the member requesting the opinion authorizes in writing the release of such information.").

Public Records Exemption for Alternative Investments: Public Necessity Statement

This bill provides a public necessity statement to comport with the requirements of article 1, section 24(c) of the Florida Constitution.

Contingent Effective Date

The bill takes effect July 1, 2006 only if HB 1123 or similar legislation is adopted by the Legislature.

C. SECTION DIRECTORY:

- Section 1: Creates section 21.0195, Florida Statutes, to create a public records exemption for the Legislative Sunset Advisory Committee.
- Section 2: Sets forth the public necessity statement for the public records exemption.
- Section 3: Provides an effective date of July 1, 2006, provided HB 1123 or similar legislation is adopted.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

This bill may have a fiscal impact on state government expenditures because staff responsible for complying with public records requests will require training relating to the newly created public records exemption.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

There does not appear to be a direct economic impact on the private sector.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. This bill does not appear to reduce the percentage of a state tax

shared with counties or municipalities. This bill does not appear to reduce the authority that counties or municipalities have to raise revenue.

2. Other:

Article 1, section 24(c) of the Florida Constitution contains three requirements for any general law creating an exemption to the constitutional right to inspect or copy any public record made or received in connection with the official business of any public body, officer, or employee of the state, or persons acting on their behalf: (1) passed by a two-third votes of each house, (2) state with specificity the public necessity justifying the exemption, and (3) be no broader than necessary to accomplish the stated purpose of the law. As such, the bill requires a two-thirds vote for passage. The adequacy of the public necessity statement and whether the bill is broader than necessary are ultimately matters of judicial interpretation. It should be noted, however, that the exemption for the working papers is broad and does not have a time limitation or provision related to the release to third parties outside of the legislative process as contained in other legislative exemptions.

B. RULE-MAKING AUTHORITY:

The bill does not appear to create, modify, or eliminate rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Placement of Exemption

This bill places this public records exemption in chapter 21, as recreated by HB 1123 (2005). Yet, public records exemptions specific to the Legislature are currently in section 11.0431, Florida Statutes. The sponsor may wish to place this public records exemption in this section or elsewhere in chapter 11, Florida Statutes, which relates to legislative organization, procedures, and staffing.

Expansive Exemption: Work Papers

Including "all documentary or other information" in the exemption for working papers makes the exemption quite broad. The provision also has no time limitation or provision related to the release to third parties outside of the legislative process as contained in other legislative exemptions. The sponsor may wish to consider narrowing the scope of the exemption.

Duplicative Exemption: Flow of Confidentiality and Exemption

The provision of the bill which provides that the confidential and exempt status of any record stays with it when used by the Legislative Sunset Advisory Committee appears to be duplicative of the exemption in section 11.0431(2)(a), Florida Statutes, which already provides that records or information held by the legislative branch of government remains confidential or exempt if that record would be confidential and exempt if held by an agency or any other unit of government.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

Not applicable.

HB 1125

2006

A bill to be entitled

An act relating to public records; creating s. 21.0195, F.S.; exempting from public records requirements working papers, including all documentary or other information, prepared or maintained by the Legislative Sunset Advisory Committee in performing its duties under ch. 21, F.S., to conduct an evaluation and prepare a report; specifying that information received for such purpose that is confidential and exempt shall remain confidential and exempt; providing for future legislative review and repeal; providing a statement of public necessity; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 21.0195, Florida Statutes, is created to read:

21.0195 Confidentiality of information to conduct an evaluation and prepare a report.--

(1) A working paper, including all documentary or other information, prepared or maintained by the committee in performing its duties under this chapter to conduct an evaluation and prepare a report is exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(2) A record held by another entity that is considered to be confidential and exempt by law and that the committee receives in connection with the performance of the committee's functions under this chapter remains confidential and exempt

HB 1125

2006

29 from the provisions of s. 119.07(1) and s. 24(a), Art. I of the
30 State Constitution.

31 (3) This section is subject to the Open Government Sunset
32 Review Act of 1995 in accordance with s. 119.15 and shall stand
33 repealed on October 2, 2011, unless reviewed and saved from
34 repeal through reenactment by the Legislature.

35 Section 2. The Legislature finds that it is a public
36 necessity that the working papers, including all documentary or
37 other information, prepared or maintained by the Legislative
38 Sunset Advisory Committee in performing its duties under chapter
39 21, Florida Statutes, to conduct an evaluation and prepare a
40 report on whether to abolish a state agency and its advisory
41 committees as defined in s. 21.002, Florida Statutes, be made
42 exempt from public records requirements. The Legislature finds
43 that the release of such information would hinder the ability of
44 the committee to conduct its evaluation and prepare its report
45 on whether to abolish a state agency and its advisory committees
46 because employees and other interested persons might be
47 reluctant to provide information knowing that the information
48 would be public and could potentially affect their employment or
49 other dealings with the agency under review. Protecting such
50 information would help the committee complete a more thorough
51 and reliable evaluation and therefore make a better
52 recommendation as to whether or not to terminate a state agency
53 and its advisory committees.

54 Section 3. This act shall take effect July 1, 2006, if
55 House Bill 1123 or similar legislation is adopted in the same
56 legislative session or an extension thereof and becomes law.

A. HOUSE PRINCIPLES ANALYSIS:

The bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

History

The Department of State's Office of Cultural and Historical Programs provides the following history of the Seal of the State of Florida:¹

The elements and basic design instructions for Florida's State Seal were established by the Legislature in 1868. Early that year, Florida's newly adopted State Constitution had directed that: "The Legislature shall, at the first session, adopt a seal for the state, and such seal shall be the size of an American silver dollar, but said seal shall not again be changed after its adoption by the Legislature."²

So the Legislature, acting quickly upon the mandate, passed and sent to Governor Harrison Reed a Joint Resolution on August 6, 1868 specifying "That a Seal of the size of the American silver dollar, having in the center thereof a view of the sun's rays over a high land in the distance, a cocoa tree, a steamboat on water, and an Indian female scattering flowers in the foreground, encircled by the words, 'Great Seal of the State of Florida: In God We Trust', be and the same is hereby adopted as the Great Seal of the State of Florida." *Some people also consider the "In God We Trust" phrase the State Motto, although there is no official designation of a State Motto in the Florida Statutes.*

Florida's present Constitution, (Art. II, Sec. 4), continues to require the seal to be prescribed by law.

(Emphasis added.) The effect of the proposed legislation is to correct this omission and statutorily determine that "In God We Trust" is the official motto of the State of Florida.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

The bill raises a potential federal constitutional issue regarding the separation of church and state, protected in the First Amendment of the Constitution of the United States, which begins, "Congress shall make no law respecting an establishment of religion...."

"In God We Trust" is the official motto of the United States of America.³ The federal motto has been challenged multiple times and has been found to be constitutional. In *Aronow v. United States*, 432 F.2d 242 (1970) the Ninth Circuit Court of Appeals ruled that:

"It is quite obvious that the national motto and the slogan on coinage and currency 'In God We Trust' has nothing whatsoever to do with the establishment of religion. Its use is of patriotic or ceremonial character and bears no true resemblance to a governmental sponsorship of a religious exercise."

In *Madalyn Murray O'Hair, et al. v. W. Michael Blumenthal, Secretary of Treasury, et al.*, 588 F.2d 1144 (1979), the Fifth Circuit Court of Appeals sustained a prior decision by the United States District Court (Western District of Texas). The Western District of Texas had expanded on the *Aronow* citation above, saying:

From this it is easy to deduce that the Court concluded that the primary purpose of the slogan was secular; it served a secular ceremonial purpose in the obviously secular function of providing a medium of exchange. As such it

³ 36 U.S.C. s. 302 (2005).

is equally clear that the use of the motto on the currency or otherwise does not have a primary effect of advancing religion.

The Supreme Court of the United States recently handed down another Establishment Clause decision, though not directly dealing with a state or federal motto. On June 14, 2004, the Supreme Court issued a decision upholding the phrase "One Nation under God" in the Pledge of Allegiance.⁴ The Plaintiff, Newdow, was denied relief on issues of standing,⁵ however, in her concurrence with the judgment, Justice O'Connor wrote that

[G]overnment can, in a discrete category of cases, acknowledge or refer to the divine without offending the Constitution. This category of "Ceremonial deism" most clearly encompasses such things as the national motto ("In God We Trust"), religious references in traditional patriotic songs such as the Star-Spangled Banner, and the words with which the Marshal of this Court opens each of its sessions ("God Save the United States and this honorable Court.")⁶

At least three other states also have official mottos that mention "God."⁷

- Arizona: *Ditat Deus*. (Latin: "God Enriches.")
- Ohio: "With God, All Things Are Possible."⁸
- South Dakota: "Under God, The People Rule."

⁴ *Elk Grove Unified School District v. Newdow*, 124 Sup.Ct. 2301 (2004).

⁵ Summarizing very briefly: Mr. Newdow was a non-custodial parent challenging a school recitation of the Pledge of Allegiance on behalf of his child. Justice Stevens delivered the opinion of the Court, finding that, based on lower family-court rulings, Mr. Newdow did not have standing to challenge the school's recitation of the Pledge each morning. Several justices filed concurrences in the opinion. These Justices generally agreed with the ultimate outcome but believed that Mr. Newdow should be denied relief on substantive constitutional grounds instead of procedural grounds.

⁶ Ironically, Justice O'Connor errs when mentioning Florida in the sole footnote of her concurrence. She states that Florida's official state motto is "In God We Trust," and that the state has placed its motto on its state seal. As mentioned above in the quotation from the Department of State's Office of Cultural and Historical Programs, the opposite will in fact be true, if this legislation is successful.

⁷ A fourth, Colorado, comes close. The state motto of Colorado is *Nil sine numine*, Latin for "Nothing without Providence," but also is translated as "Nothing without a will." Wikipedia, the egalitarian online encyclopedia (which is open to editing by any reader, and thus sometimes challenged for veracity), contains an enlightening discussion about this Latin phrase and its potential religiosity. The article is available here: http://en.wikipedia.org/wiki/Nil_sine_numine.

⁸ Taken from Matthew 19:25-26, the Holy Bible (King James Version). A detailed summary of Ohio litigation (ultimately upholding Ohio's right to mention God in its motto) is available here: http://www.religioustolerance.org/sta_mott.htm.

SUMMARY ANALYSIS

The Open Government Sunset Review Act requires the Legislature to review each public records and each public meetings exemption five years after enactment. If the Legislature does not reenact the exemption, it automatically repeals on October 2nd of the fifth year after enactment.

Current law provides a public records exemption for medical information, health information, and financial account numbers held by the Department of Health. The bill reenacts and expands the exemption for medical and health records making it applicable to all agencies. It repeals the public records exemption for financial account numbers because it is duplicative of an exemption found in current law.

This bill provides for retroactive application and for future review and repeal of the exemption. It also provides a statement of public necessity as required by the State Constitution.

The bill may have a minimal non-recurring fiscal impact on state and local governments.

The bill requires a two-thirds vote of the members present and voting for passage.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill expands the public records exemption thereby decreasing public access to government information.

B. EFFECT OF PROPOSED CHANGES:

Background

Financial Account Numbers

Chapter 119, F.S., provides a public records exemption for bank account, debit, charge, and credit card numbers (financial account numbers).¹ The exemption applies to all agencies.²

Medical and Health Information

Current law provides several agency-specific public records exemptions for medical and health information. For example, the Florida Automobile Joint Underwriting Association has a public records exemption for information relating to the medical condition or medical status of an employee.³ Medical information pertaining to an agency employee is exempt from public records requirements.⁴ The health records of a veteran admitted to residency at the Veterans' Domiciliary Home of Florida are confidential and exempt.⁵ An exemption applicable to all agencies for medical and health information does not exist.

Department of Health

Current law provides a public records exemption for personal identifying information and financial account numbers contained in records relating to a person's health or eligibility for health-related services when in the possession of the Department of Health.⁶ The information is confidential and exempt⁷ and may be released:

- With the written consent of the person or the person's legal representative.
- In a medical emergency.
- By court order.
- To a health research entity pursuant to a research protocol approved by the department; however, the department may deny the entity's request if certain requirements are not met.

¹ Section 119.071(5)(b), F.S.

² "Agency" means any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government. It also includes the Commission on Ethics, the Public Service Commission, the Office of Public Counsel, and any public or private agency, person, partnership, corporation, or business acting on behalf of a public agency. Section 119.011(2), F.S.

³ Section 627.311(4), F.S.

⁴ Section 119.071(4)(b), F.S.

⁵ Section 296.09, F.S.

⁶ Section 119.0712(1), F.S.

⁷ There is a difference between records that are exempt from public records requirements and those that are *confidential* and exempt. If the Legislature makes a record confidential and exempt, such record cannot be released by an agency to anyone other than to the persons or entities designated in the statute. *See* Attorney General Opinion 85-62. If a record is simply made exempt from disclosure requirements, an agency is not prohibited from disclosing the record in all circumstances. *See Williams v. City of Minneola*, 575 So.2d 683, 687 (Fla. 5th DCA), review denied, 589 So.2d 289 (Fla. 1991).

Pursuant to the Open Government Sunset Review Act,⁸ the exemption will repeal on October 2, 2006, unless reenacted by the Legislature.

Effect of Bill

The bill reenacts and expands the public records exemption for the Department of Health. The bill expands the exemption to include medical and health information held by *any* agency, thus, creating a general exemption from public records requirements. It provides for retroactive application of the exemption.⁹

The bill removes the exemption for financial account numbers because it is duplicative of the general exemption¹⁰ found in current law.

Current law authorizes the release of medical or health information to a health research entity that has entered into a data-use agreement with the department. The bill continues this exception; however, it reorganizes the requirements that must be included in the data-use agreement.

The bill extends the repeal date from October 2, 2006, to October 2, 2011. It also provides a statement of public necessity as required by the State Constitution.

C. SECTION DIRECTORY:

Section 1 amends s. 119.071, F.S., to reenact and expand the public records exemption for medical and health records.

Section 2 provides a public necessity statement.

Section 3 provides an effective date of October 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

See FISCAL COMMENTS.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

See FISCAL COMMENTS.

⁸ Section 119.15, F.S.

⁹ In 2001, the Florida Supreme Court ruled that a public records exemption does not apply retroactively unless the legislation clearly provides for retroactive application of the exemption. *Memorial Hospital-West Volusia, Inc. v. News-Journal Corporation*, 729 So.2d. 373 (Fla. 2001).

¹⁰ Section 119.071(5)(b), F.S.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

The bill may create a minimal non-recurring increase in state and local government expenditures. A bill enacting or amending the public records law causes a non-recurring negative fiscal impact in the year of enactment due to training employees who are responsible for replying to public records requests. In the case of bills reviewed under the Open Government Sunset Review process, training costs are incurred if the bill does not pass or if the exemption is amended, as employees must be retrained. Because the bill expands the public records exemption, employee-training activities are required thus causing a minimal nonrecurring increase in expenditures.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

Vote Requirement

Article I, s. 24(c) of the State Constitution, requires a two-thirds vote of the members present and voting for passage of a newly created public records or public meetings exemption. The bill *expands* the current exemption, essentially creating a new public records exemption. Thus, the bill requires a two-thirds vote for passage.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution, requires a statement of public necessity (public necessity statement) for a newly created public records or public meetings exemption. The bill *expands* the current exemption, essentially creating a new public records exemption. Thus, the bill includes a public necessity statement.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Open Government Sunset Review Act

The Open Government Sunset Review Act provides that a public records or public meetings exemption may be created or maintained only if it serves an identifiable public purpose, and may be no broader than is necessary to meet one of the following public purposes: 1. Allowing the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption; 2. Protecting sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety. However, only the identity of an individual may be exempted under this provision; or, 3. Protecting trade or business secrets.

The Act also sets forth a Legislative review process that requires newly created or expanded exemptions to include an automatic repeal of the exemption on October 2nd of the fifth year after enactment or substantial amendment, unless the Legislature reenacts the exemption.

If, and only if, in reenacting an exemption that will repeal, the exemption is expanded (essentially creating a new exemption), then a public necessity statement and a two-thirds vote for passage are required, because of the requirements of Art. 1, s. 24, Florida Constitution. If the exemption is reenacted with grammatical or stylistic changes (that do not expand the exemption), if the exemption is narrowed, or if an exception to the exemption is created (e.g., allowing another agency access to the confidential or exempt records), then a public necessity statement and a two-thirds vote for passage are not required.

Section 2. The Legislature finds that it is a public necessity that medical records or health records held by an agency before, on, or after October 1, 2006, be made confidential and exempt from public records requirements, with certain exceptions. Matters of personal health are traditionally private and confidential concerns between the patient and the health care provider. The private and confidential nature of personal health matters pervades both the public and private health care sectors. For these reasons, the individual's expectation of and right to privacy in all matters regarding his or her personal health necessitates this exemption. The Legislature further finds it is a public necessity to protect a person's medical records or health records held by an agency because the release of such

SUMMARY ANALYSIS

The Open Government Sunset Review Act requires the Legislature to review each public records and each public meetings exemption five years after enactment. If the Legislature does not reenact the exemption, it automatically repeals on October 2nd of the fifth year after enactment.

The bill reenacts the public records exemption for the Communications Services Tax Simplification Law. The exemption will repeal on October 2, 2006, if this bill does not become law.

The bill may have a minimal non-recurring positive fiscal impact on state government. The bill does not appear to have a fiscal impact on local government.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Background

In 2000, the Legislature enacted the "Communications Services Tax Simplification Law."¹ The act combined seven different state and local taxes and fees and replaced those revenues with a two-tiered tax composed of a state tax and a local option tax on communications services. The new tax structure took effect October 1, 2001.

In 2001, the Legislature created a public records exemption for information received by the Department of Revenue pursuant to the Communications Services Tax Simplification Law. All information contained in returns, reports, accounts, and declarations received by the department, in addition to investigative reports and information and letters of technical advice, are exempt from public records requirements. The exemption authorizes release of the information for limited purposes. Any person who willfully and knowingly releases the exempt information for purposes not authorized by law commits a misdemeanor of the first degree.² Pursuant to the Open Government Sunset Review Act,³ the exemption will repeal on October 2, 2006, unless reenacted by the Legislature.

Effect of Bill

The bill removes the repeal date, thereby reenacting the public records exemption. It also makes grammatical changes and removes superfluous language.

C. SECTION DIRECTORY:

Section 1 amends s. 213.053, F.S., to remove the repeal date.

Section 2 provides an effective date of October 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

The bill may represent a minimal non-recurring positive impact on state government expenditures. A bill enacting or amending public records law causes a non-recurring negative fiscal impact in the year of enactment for training employees who are responsible for replying to public records requests. In the case of bills reviewed under the Open Government Sunset Review process, training costs are incurred if the bill does not pass or if the exemption is amended, as employees

¹ Chapter 2000-260, Laws of Florida, codified in chapter 202, F.S.

² A misdemeanor of the first degree is punishable by a term of imprisonment not to exceed one year (s. 775.082(4)(a), F.S.) and a fine not to exceed \$1,000 (s. 775.083(1)(d), F.S.).

³ Section 119.15, F.S.

must be retrained. Because the bill eliminates the repeal, state government may recognize a minimal nonrecurring decrease in expenditures because employee-training activities are avoided.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

This bill does not create, modify, amend, or eliminate local expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Open Government Sunset Review Act

The Open Government Sunset Review Act provides that a public records or public meetings exemption may be created or maintained only if it serves an identifiable public purpose, and may be no broader than is necessary to meet one of the following public purposes: 1. Allowing the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption; 2. Protecting sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety. However, only the identity of an individual may be exempted under this provision; or, 3. Protecting trade or business secrets.

The Act also sets forth a Legislative review process that requires newly created or expanded exemptions to include an automatic repeal of the exemption on October 2nd of the fifth year after enactment or substantial amendment, unless the Legislature reenacts the exemption.

If, and only if, in reenacting an exemption that will repeal, the exemption is expanded (essentially creating a new exemption), then a public necessity statement and a two-thirds vote for passage are required, because of the requirements of Art. 1, s. 24, Florida Constitution. If the exemption is reenacted with grammatical or stylistic changes (that do not expand the exemption), if the exemption is

narrowed, or if an exception to the exemption is created (e.g., allowing another agency access to the confidential or exempt records), then a public necessity statement and a two-thirds vote for passage are not required.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

SUMMARY ANALYSIS

The Open Government Sunset Review Act requires the Legislature to review each public records and each public meetings exemption five years after enactment. If the Legislature does not reenact the exemption, it automatically repeals on October 2nd of the fifth year after enactment.

The bill reenacts the public records exemption for agricultural records relating to processes or methods of production, costs of production, profits, or other financial information held by the Department of Agriculture and Consumer Services. The exemption will repeal on October 2, 2006, if this bill does not become law.

The bill may have a minimal non-recurring positive fiscal impact on state government. The bill does not appear to have a fiscal impact on local government.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Background

The Florida Watershed Restoration Act and Total Maximum Daily Loads

The federal Water Pollution Control Act of 1972, commonly referred to as the Clean Water Act (CWA), established the basic framework for pollution control in the nation's water bodies. Its primary goal was to have the nation's water bodies clean and useful. By setting national standards and regulations for the discharge of pollution, the intent of the CWA was to restore and protect the health of the nation's water bodies.¹

Section 305(b) of the CWA requires states to submit to Congress a biennial report on the water quality of their lakes, streams, and rivers. A partial list of water bodies that qualify as "impaired" (i.e., do not meet specific pollutant limits for their designated uses) must be submitted to the U.S. Environmental Protection Agency under section 303(d) of the CWA. States are required to develop total maximum daily loads (TMDL) for each pollutant that exceeds the legal limits for that water body. Section 303(d) and the development of TMDLs generally were ignored by the states until environmental groups began filing lawsuits.²

In 1999, the Florida Legislature passed the Florida Watershed Restoration Act (WRA), which codified the establishment of TMDLs for pollutants of water bodies.³ The WRA requires the Department of Environmental Protection (DEP) to promulgate rules relating to the methodology for assessing, calculating, allocating, and implementing the TMDL process.⁴ The WRA also directs that the TMDL process be integrated with existing protection and restoration programs, and coordinated with all state agencies and affected parties.⁵

TMDLs describe the amount of each pollutant a water body can receive without violating state water quality standards.⁶ TMDLs are the sum of waste load allocations, load allocations, and a margin of safety to account for uncertain conditions. Waste load allocations are pollutant loads attributable to existing and future point sources, such as discharges from industry and sewage facilities. Load allocations are pollutant loads attributable to existing and future nonpoint sources such as the runoff from farms, forests, and urban areas. Even though an individual discharge into a water body may meet established standards, the cumulative and multiplier effect of discharges from numerous sources can cause a water body not to meet the quality standards.⁷

DEP may develop a basin management action plan (BMAP) as part of the development and implementation of a TMDL for a water body.⁸ The plan must:

- Integrate appropriate management strategies available to the state through existing water quality protection programs to achieve the TMDL;
- Restore designated uses of the water body;
- Provide for phased implementation of strategies;
- Establish a schedule for implementing strategies;
- Establish a basis for evaluating the plan's effectiveness;
- Identify feasible funding strategies; and
- Equitably allocate pollutant reductions to basins as a whole or to each point or nonpoint source.⁹

The BMAP also must include milestones for implementation and water quality improvement, and an associated water quality monitoring component sufficient to evaluate whether reasonable progress in pollutant load reductions is achieved over time.¹⁰ Progress assessments are required every five years and revisions to the plan are required, as appropriate.¹¹

Public Records Exemption

Current law provides a public records exemption for certain agricultural records. Individual agricultural records relating to processes or methods of production, or relating to costs of production, profits, or other financial information that are reported to the Department of Agriculture and Consumer Services as part of best management practices for reducing water pollution are confidential and exempt¹² from public records requirements.¹³ Upon request, the department may release the confidential and exempt records to DEP or any water management district.

Pursuant to the Open Government Sunset Review Act,¹⁴ the exemption will repeal on October 2, 2006, unless reenacted by the Legislature.

Effect of Bill

The bill removes the repeal date, thereby reenacting the public records exemption. It also makes editorial changes.

The bill removes the provision requiring DEP or any water management district with authorized access to such records to maintain the confidential and exempt status of those records. In *Ragsdale v. State*,¹⁵ the Supreme Court held that

[T]he applicability of a particular exemption is determined by the document being withheld, not by the identity of the agency possessing the record . . . the focus in determining whether a document has lost its status as a public record must be on the policy behind the exemption and not on the simple fact that the information has changed agency hands.¹⁶

¹² There is a difference between records that are exempt from public records requirements and those that are *confidential* and exempt. If the Legislature makes a record confidential and exempt, such record cannot be released by an agency to anyone other than to the persons or entities designated in the statute. *See* Attorney General Opinion 85-62. If a record is simply made exempt from disclosure requirements, an agency is not prohibited from disclosing the record in all circumstances. *See Williams v. In *City of Riviera Beach v. Barfield*,¹⁷ the court stated “[h]ad the legislature intended the exemption for active criminal investigative information to evaporate upon the sharing of that information with another criminal justice agency, it would have expressly provided so in the statute.”¹⁸ As such, the provision is unnecessary and has been removed, because had the Legislature intended for the confidential and exempt status to evaporate then the Legislature would have stated as much.

C. SECTION DIRECTORY:

Section 1 amends s. 403.067(7), F.S., to remove the October 2, 2006, repeal date.

Section 2 provides an effective date of October 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

The bill may represent a minimal non-recurring positive impact on state expenditures. A bill enacting or amending a public records exemption causes a non-recurring negative fiscal impact in the year of enactment as a result of training employees responsible for replying to public records requests. In the case of bills reviewed under the Open Government Sunset Review process, training costs are incurred if the bill does not pass or if the exemption is amended, as retraining is required. Because the bill eliminates the repeal of the exemption, state government may recognize a minimal nonrecurring decrease in expenditures because employee-training activities are avoided.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

This bill does not create, modify, amend, or eliminate local expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

¹⁷ 642 So. 2d 1135 (Fla. 4th DCA 1994), *review denied*, 651 So. 2d 1192 (Fla. 1995). In *Barfield*, Barfield argued that once the City of West Palm Beach shared its active criminal investigative information with the City of Riviera Beach the public records exemption for such information was waived. Barfield based that argument on a statement from the 1993 *Government-In-The-Sunshine Manual* (a booklet prepared by the Office of the Attorney General). The Attorney General opined “once a record is transferred from one public agency to another, the record loses its exempt status.” The court declined to accept the Attorney General’s view. As a result, that statement has been removed from the *Government-In-The-Sunshine Manual*.

¹⁸ *Id.* at 1137.

1. Applicability of Municipality/County Mandates Provision:

This bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. This bill does not reduce the percentage of a state tax shared with counties or municipalities. This bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Open Government Sunset Review Act

The Open Government Sunset Review Act sets forth a legislative review process for newly created or substantially amended public records or public meetings exemptions. It requires an automatic repeal of the exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.

The Act provides that a public records or public meetings exemption may be created or maintained only if it serves an identifiable public purpose, and may be no broader than is necessary to meet one of the following purposes:

- Allowing the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption;
- Protecting sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety. However, only the identity of an individual may be exempted under this provision; or,
- Protecting trade or business secrets.

If, and only if, in reenacting an exemption that will repeal, the exemption is expanded (essentially creating a new exemption), then a public necessity statement and a two-thirds vote for passage are required because of the requirements of Art. 1, s. 24(c), Florida Constitution. If the exemption is reenacted with grammatical or stylistic changes that do not expand the exemption, if the exemption is narrowed, or if an exception to the exemption is created (e.g., allowing another agency access to the confidential or exempt records), then a public necessity statement and a two-thirds vote for passage are not required.

SUMMARY ANALYSIS

The bill revises sections of statute pertaining to the inventory, acquisition, management, sale, and exchange of state lands. Specifically, the bill:

- Requires that all lands titled in the name of the Board of Trustees of the Internal Improvement Trust Fund or any state agency be inventoried and mapped.
- Authorizes the Department of Environmental Protection (DEP) to contract with the Florida Natural Areas Inventory to implement mapping requirements subject to legislative appropriation.
- Clarifies responsibilities of the Division of State Lands (division) at DEP with respect to nonconservation lands, and limits the Acquisition and Restoration Council's oversight of state lands to conservation lands.
- Revises the state's sale and exchange process to create a distinction between the sale of state lands as surplus property and the exchange of state lands for land of equal or higher benefit.
- Directs the division to keep records of all requests for the sale or exchange of state lands, and provides that all requests for the state to sell or exchange property be made in writing.
- Expands the purposes for which a local government may use surplus or exchanged property to include affordable housing projects or meeting the capital improvements element or a concurrency requirement of a local comprehensive land use plan.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government –

The bill potentially reduces the number of steps required to sell or exchange surplus state land, thereby delivering unused government land back to county tax rolls.

The bill requires the Division of State Lands to contract with the Florida Natural Areas Inventory at Florida State University for certain mapping and inventory services.

B. EFFECT OF PROPOSED CHANGES:

Ownership, Management, and Inventory of State Lands

Current Situation

Art. IV, s. 4 of the State Constitution, establishes the Governor, the Chief Financial Officer, the Attorney General, and the Commissioner of Agriculture as the Board of Trustees (BOT) of both the Internal Improvement Trust Fund and the Land Acquisition Trust Fund. The BOT is charged with the acquisition, administration, management, control, supervision, conservation, protection, and disposition of all lands owned by, or which may inure to, the state or any of its agencies, except as otherwise provided by law.¹ Section 253.02, F.S., provides that the board may not sell, transfer, or otherwise dispose of any lands the title to which is vested in the BOT except by a vote of at least three of the four trustees.

Statutory provisions governing the acquisition and disposal of lands by the state are contained in Chapters 253 and 259, F.S. The Department of Environmental Protection (DEP) is directed to provide administrative staff to the BOT, and the Division of State Lands (Division) within DEP performs staff duties and functions related to the acquisition, administration, and disposition of lands which are titled in the name of the BOT.²

Concurrent with the Division's support of the BOT, the Acquisition and Restoration Council (ARC)³ is responsible for evaluating, selecting, and ranking land acquisition projects, and can add or delete projects from the master acquisition list.⁴ At least once a year, the list approved by ARC is submitted to the BOT for approval.⁵ The BOT can remove projects from the list but may not add projects and may not reprioritize the list.⁶ The ARC is supported by Division staff. Under current statutes, the roles of the Division and the ARC are sometimes unclear in relation to conservation lands vs. non-conservation lands.⁷

¹ Section 253.02, F.S.

² Section 253.002, F.S.

³ The ARC is created in s. 259.035, F.S., and consists of nine members – four appointees of the Governor, the Secretary of the Department of Environmental Protection, the Director of the Division of Forestry of the Department of Agriculture and Consumer Affairs, the Executive Director of the Florida Fish and Wildlife Conservation Commission, the Director of the Division of Historical Resources at the Department of State, and the Secretary of the Department of Community Affairs.

⁴ Section 259.035(4) – (6), F.S.

⁵ *Id.*

⁶ See generally s. 259.041, F.S.

⁷ Broadly speaking, the term “conservation lands” means any lands purchased by the state under its land-acquisition programs described in Chapter 259, F.S. These programs include Florida Preservation 2000 and Florida Forever programs. “Non-conservation lands” are, by definition, all other state lands.

Changes

The bill clarifies the obligations of the BOT, Division, and ARC, and streamlines BOT's authority to sell or exchange state land. The bill identifies sales and exchanges as two separate methods of state land disposal, and clarifies sections in which the distinction between a sale and an exchange is required.

The Division is authorized to review all requests to sublease non-conservation lands, all land management plans for non-conservation lands, and all requests to sell or exchange nonconservation lands owned by the state. Similarly, the bill removes all responsibilities relating to non-conservation lands from the ARC, and clarifies that ARC will review all requests to sublease conservation lands, all land management plans for conservation lands, and all requests to sell or exchange conservation lands owned by the state.

The bill authorizes the Division to contract with the Florida Natural Areas Inventory⁸ in order to improve the inventory requirements contained in Chapter 253, F.S.⁹ In an additional attempt to improve the inventory status, the bill directs the Department of Revenue to share current tax roll data used to prepare the BOT inventory with the Division for use in compiling an additional inventory of all state, federal, water management district, and local government lands.¹⁰ The BOT's annual inventory of all publicly owned lands in the state must include a summary of all surplus lands sold and exchanged by the state each year, and must indicate if those lands were acquired or managed by the state for conservation purposes or if they were non-conservation lands.

Surplus Lands

Current

The disposal of surplus state lands is controlled by statutory and constitutional¹¹ provisions which provide for the sale or exchange of state lands. To dispose of non-conservation lands, the BOT must determine that the property is no longer needed.¹² To dispose of conservation lands, the BOT must determine that the property is no longer needed for the conservation purposes for which it was acquired,¹³ and in cases where conservation land is exchanged, the exchange must result in a net positive conservation benefit to the state.¹⁴ In all cases, the surplus of state lands requires an affirmative vote of at least three of the members of the BOT.¹⁵ All property sold or exchanged by the BOT first must be offered to the county in which the property is located.¹⁶

Section 253.0341, F.S., creates an expedited surplus process for local governments to submit a surplus request directly to the BOT. The BOT may make a determination to surplus non-conservation lands without a recommendation of the ARC or the Division, and must consider the local government request within 60 days of receipt.¹⁷ Local government requests for the state to surplus conservation lands must be reviewed by the ARC for a recommendation on the request, and a final determination

⁸ The FNAI is a non-profit organization administered by Florida State University, and is a member of The Nature Conservancy's international network of environmental programs. On its website at www.fnai.org, the group describes its primary mission as "gathering, interpreting, and disseminating information critical to the conservation of Florida's biological diversity." Funding to the FNAI is provided through contracts and grants including work for DEP, the Florida Fish and Wildlife Conservation Commission, and other state and federal agencies.

must be made by the BOT within 120 days of receipt of the request.¹⁸ Local governments purchasing surplus property for less than appraised value must retain the title for at least ten years.¹⁹ Lands may be purchased by county governments for purposes of building internal improvements such as public schools, libraries, fire or police substations.²⁰

Surplus requests may be made by any public or private entity or person and are submitted to the lead managing agency for review prior to review by the ARC.²¹ Requests for surplus submitted by an entity other than a local government are guided by the provisions of s. 253.034(6), F.S.

Changes

The bill revises the state's surplus process to provide that conservation lands determined by the BOT as eligible for sale or exchange are reclassified as nonconservation lands.

All lands determined by the BOT as eligible for sale are designated as surplus land and may be sold by an affirmative vote of at least three BOT members. Lands deemed eligible for exchange must be exchanged by a vote of at least three BOT members. Non-conservation lands not included in any agency's land use plan are deemed surplus and are recommended for sale or exchange, unless (i) the Division issues a written justification detailing the reason for retaining the land, or (ii) an agency revises its land use plan to incorporate the parcel at issue.

The bill clarifies that conservation land exchanges must result in a net positive conservation benefit to the state, and expands the purposes for which a local government may use surplus or exchanged property. These additional uses include affordable housing projects or programs, or to meet the capital improvements element or a concurrency requirement of a local comprehensive land use plan.

With regard to public requests to sell or exchange state lands, the bill requires that requests be submitted in writing by the public or private entity or person making the request and that denial of a request for the sale or exchange of state lands be made in writing and include the reason for denial. The Division must keep records of all requests for the sale or exchange of state lands and keep records of approvals or denials of those requests. The lead managing agency must submit a copy of the request for sale or exchange of state lands to the Division for its records.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not directly create, modify, amend, or eliminate a state revenue source. If the legislation results in additional sales of surplus lands, the state would be the recipient of such funds.

2. Expenditures:

The bill does not create, modify, amend, or eliminate a state expenditure.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not directly create, modify, amend, or eliminate a local revenue source. Local governments may see a slight increase in the local property tax base if more surplus state lands are returned to the general public.

2. Expenditures:

The bill does not create, modify, amend, or eliminate a local expenditure.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill conforms the Board's current authority to proscribe rules relating to the Division of State Land to language changes made throughout the bill. The authority is not substantively broadened or lessened.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

compatible with the resource values of and management objectives for such lands.

2. Prior to any decision by the board to sell or exchange nonconservation lands, the division shall determine whether the request is compatible with the management objectives for such lands.

(h)1. In reviewing conservation lands, the title to which is vested in the board, the council must consider whether such lands are more appropriately owned or managed by the county or other unit of local government in which the lands are located. The council must recommend to the board whether the sale or exchange of such lands is in the best interest of the state and the county or other unit of local government for use as a public school, public library, fire or law enforcement substation, government, judicial, or recreation center, as part of an affordable housing project or program, or to comply with the capital improvement elements or a concurrency requirement of a local comprehensive land use plan as required in s. 163.3177. Such lands shall be offered to the county or unit of local government for a period of 30 days.

2. In reviewing nonconservation lands, the title to which is vested in the board, the division must consider whether such lands are more appropriately owned or managed by the county or other unit of local government in which the lands are located, and shall recommend to the board whether the sale or exchange of such lands is in the best interest of the state and the county or other unit of local government. 580 this subparagraph may not be limited by the board.

581 3. If a county or other unit of local government does not
 582 elect to acquire lands under the provisions of this paragraph,
 583 the board may determine that the sale, lease, exchange, or
 584 conveyance of such lands to other governmental agencies is in the
 585 public interest and represents the best use of such lands.

586 4. Lands for which a county, other unit of local
 587 government, or other governmental agencies have expressed no
 588 interest shall be available for sale or exchange on the private
 589 market.

590 ~~{f}1. In reviewing lands owned by the board, the council~~
 591 ~~shall consider whether such lands would be more appropriately~~

 593 ~~in which the land is located. The council shall recommend to the~~

 604 ~~local government does not elect to purchase such lands in~~
 605 ~~accordance with s. 253.111, then any surplusing determination~~

 680 council or its successor for the sale or exchange of conservation
 681 lands or to the division for the sale or exchange of lands other

683 2. A request for the sale or exchange of lands which has

 702 agency forwards the original written request when submitting a
 703 recommendation concerning the sale or exchange of lands.

704 5. Lands approved for sale under the provisions of this

SUMMARY ANALYSIS

This proposed committee bill is being considered by the Governmental Operations Committee pursuant to House Rule 7.9. The bill consolidates the supplemental retirement benefit program of the Institute of Food and Agricultural Sciences into the Florida Retirement System. The bill requires the transfer of assets and the assumption of liabilities and obligations. The bill provides that these participants are not members of the Florida Retirement System. The bill makes conforming changes to the supplemental benefit program, sets the required employer contribution rate, and removes an investment limitation. The bill makes a legislative finding about fulfilling an important state interest.

This bill does not appear to create, modify, or eliminate rulemaking authority.

This bill does not appear to have a fiscal impact on the revenues of state government. By setting the required employer contribution rate for supplemental benefit program participants, this bill appears to have a fiscal impact on the expenditures of state government. This contribution rate is lower than the current contribution rate and is expected, along with the consolidation, to eliminate the need for annual contribution rate increases and additional subsidies from the General Revenue Fund.

This bill does not appear to have a fiscal impact on the revenues or expenditures of local governments.

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – Government cost savings are anticipated from the consolidation of this supplemental retirement benefit program into the Florida Retirement System.

B. EFFECT OF PROPOSED CHANGES:

Background on the Institute of Food and Agricultural Science

The Institute of Food and Agricultural Sciences ("IFAS") is a federal-state-county partnership at the University of Florida that was created in 1964 and is "dedicated to developing knowledge in agriculture, human and natural resources, and the life sciences, and enhancing and sustaining the quality of human life by making that information accessible."¹

- IFAS has 13 research and education centers with a total of 19 locations (including demonstration sites) throughout Florida.² IFAS also has Florida Cooperative Extension Service offices in all 67 counties that the counties operate and maintain.³
- For Fiscal Year 2004-2005, IFAS had a budget of \$262 million. Approximately 52 percent or \$136.4 million of that budget was General Revenue.⁴
- As of December 5, 2005, IFAS had approximately 2,262 full-time equivalent employees:

- (1) The person must have held both state and federal appointments while employed at the institute, and have completed 10 years of creditable service with the institute, subsequent to December 1, 1970.
- (2) The person must be participating in the federal Civil Service Retirement System based on service at the institute.
- (3) The person must have retired from the institute on or after January 1, 1985, and must have been eligible for benefits under the federal Civil Service Retirement System commencing immediately upon the termination of service with the institute.
- (4) The person must have attained the age of 62.
- (5) The person must not be entitled to any benefit from a state-supported retirement system or from social security based upon service as a cooperative extension employee of the institute. Participation in the Institute of Food and Agricultural Sciences Supplemental Retirement Program shall not constitute membership in the Florida Retirement System.
- (6) The person must have been employed with the institute prior to, and on, July 1, 1983.⁸

It is this sixth criteria (IFAS employment prior/on July 1, 1983) which "closes" participation in the IFAS SRBP. In addition to the active employees, there are 97 retired participants and beneficiaries and 36 participants who are no longer employed by IFAS but have vested benefits.⁹ Thus, there are a total of 228 participants in the IFAS SRBP.¹⁰

IFAS SRBP: Calculation and Funding

The amount of the IFAS SRBP benefit is the deficiency between the amount earned by the employee under the federal Civil Service Retirement System and the amount the employee would have received under the Florida Retirement System¹¹ and the primary insurance under Social Security at age 62.¹²

The IFAS SRBP is funded from two sources: a monthly contribution by IFAS of a specified percentage of an employee's gross monthly salary¹³ and returns on investments. Yet, since 2002, these sources have been insufficient to fund the required supplemental benefits. This funding insufficiency can be attributed to three factors:

- (1) *The closed nature of the plan.* With a closed plan, as more participants retire, there are a smaller number of active employees to bear the burden of any increased costs for the program.¹⁴

Stat. § 121.40(5)(a) (2005) ("An amount equal to the option one retirement benefit that the employee would have been entitled to receive at his or her normal retirement age under the Florida Retirement System, attributable only to creditable service after December 1, 1970, as a cooperative extension employee of the institute, excluding any past or prior service credit, had such employee been a member of the Florida Retirement System.").

¹² Fla. Stat. § 121.40(5)(b) (2005).

¹³ Fla. Stat. § 121.40(12) (2005).

¹⁴ There are currently 81 active participants who can fund program insufficiencies through contributions for the 113 retired participants. Milliman, 2005 IFAS Valuation. This is in contrast to the Florida Retirement System which has three active employees for each person

(2) *The nature of the benefit.* Because part of the IFAS supplemental benefit payment is based on Social Security, it “varies inversely as a percentage of pay.”¹⁵ That is, it has higher costs, as a percentage of pay, at lower salary levels than at higher salary levels.

(3) *More limited returns on investments.* Returns on investments are more limited than those of the Florida Retirement System because the State Board of Administration is required to “consider investment techniques...which are directed toward developing minimum risk procedures supporting a prescribed liability schedule.”¹⁶ This has resulted in “underlying investments that are not diversified and simply not able to satisfy the benefit demands.”¹⁷

With limited investment returns, only one other funding mechanism was available to address the increased benefit demands: increase the employer payroll contributions. From July 1, 2003 to July 1, 2005, the employer contribution rate was set at 13.83 percent – almost double the previous amounts of 6.96 percent and 7.17 percent.¹⁸ Based on the actuarial valuation of the IFAS SRBP, the employer contribution rate was set at 20.23 percent for the period between July 1, 2005 through June 30, 2006.¹⁹ The Legislature, however, appropriated \$500,000 from the General Revenue Fund to fund the increased employer contribution for the IFAS SRBP.²⁰

IFAS SRBP: Going Forward

The increased benefit demands on the IFAS SRBP are expected to continue. In fact, the most recent valuation of the IFAS SRBP recommends a contribution rate of 26.86 percent, effective July 1, 2006.²¹ In its consideration of this issue, staff for the Committee on Governmental Oversight and Productivity noted three methods for addressing the recurring funding imbalance: (1) continue to raise the employer contribution rate as required; (2) place a limit on the employer contribution rate and provide annual supplemental appropriations to cover the increased costs; or (3) merge the IFAS SRBP with the Florida Retirement System.²² Merging the IFAS SRBP with the Florida Retirement System was the recommended option:

“Active and retired members and beneficiaries would not notice a change as their benefits would not be compromised. Due to the small asset and liability base of IFAS, its incorporation within the FRS would condition only a small adverse dollar impact. The FRS has more than \$112 billion in assets and includes a \$10 billion actuarial surplus. Under this option, no additional payroll costs would be passed along to its 840 member employers...

...Unlike the two other options that provide only annual or biennial relief, this alternative will permanently address the IFAS funding imbalance. After such transfer, the employer payroll costs will decline significantly and reflect the rates charged for the Regular Class in the Florida Retirement System.”²³

Transferring the IFAS SRBP to the Florida Retirement System

This proposed committee bill implements the recommendation to transfer the IFAS SRBP to the Florida Retirement System.

The bill consolidates the IFAS SRBP into the Florida Retirement System. The bill requires the transfer of assets and the assumption of all liabilities related to the payment of supplemental monthly benefits to retired employees of the IFAS and their surviving beneficiaries as well as all obligations in regard to funding and administering benefits accrued for the benefit of retired employees of the IFAS and their surviving beneficiaries.

The bill provides that participation in the IFAS SRBP does not constitute membership in the Florida Retirement System.

The bill makes conforming changes to the IFAS Supplemental Retirement Act, sets the required contribution rate at 17.57 percent, and removes the investment limitation.

The bill provides a legislative finding that it fulfills an important state interest.

The bill takes effect July 1, 2006.

C. SECTION DIRECTORY:

- Section 1: Creates section 121.047, Florida Statutes, to consolidate the IFAS SRBP with the Florida Retirement System.
- Section 2: Amends section 121.40, Florida Statutes, to make conforming changes and remove investment limitations.
- Section 3: Makes a legislative finding of important state interest.
- Section 4: Provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

The bill amends the contribution rate for participants of the IFAS SRBP, which is designed to fund the program in a way that is cost-neutral to the Florida Retirement System. When applied to the July 2005 payroll of IFAS, the 17.57 percent contribution rate yields the following estimated expenditures for IFAS:

Year 1 – FY 2006-2007	\$1,012,134
Year 2 – FY 2007-2008	\$ 975,086
Year 3 – FY 2008-2009	\$ 872,535

This rate is lower than the current rate of 20.23 percent and is expected to eliminate the need for annual increases to the contribution rate or further subsidies from the General Revenue Fund like the \$500,000 provided in 2005.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill does not appear to have a direct economic impact on the private sector.

D. FISCAL COMMENTS:

The Enrolled Actuary retained by the Department of Management Services has concluded that "once an appropriate rate is determined, it should not harm the Florida Retirement System and should benefit the IFAS program to be consolidated within the system."²⁴

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. This bill does not appear to reduce the percentage of a state tax shared with counties or municipalities. This bill does not appear to reduce the authority that counties or municipalities have to raise revenue.

2. Other:

Retirement System Benefit Changes

Benefit increases to publicly funded retirement systems are governed by section 14 of article X of the Florida Constitution:

SECTION 14. State retirement systems benefit changes.--A governmental unit responsible for any retirement or pension system supported in whole or in part by public funds shall not after January 1, 1977, provide any increase in the benefits to the members or beneficiaries of such system unless such unit has made or concurrently makes provision for the funding of the increase in benefits on a sound actuarial basis.

This bill does not increase the benefits to the members or beneficiaries. According to the Department of Management Services, this bill complies with the requirements of section 14 of article X of the Florida Constitution.²⁵

B. RULE-MAKING AUTHORITY:

This bill does not appear to create, modify, or eliminate rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

SUMMARY ANALYSIS

The bill clarifies the custodial requirements for a custodian of public records. It clarifies that the custodian of public records deemed confidential and exempt from public records requirements cannot release such records, except as provided in statute or by court order. The bill further clarifies that an agency or other governmental entity authorized to receive a confidential and exempt record is required to maintain the confidential and exempt status of that record. These clarifications are the standard contained in case law. The bill makes it clear that the same standards apply to each record deemed confidential and exempt by expressly stating the standards in the Public Records Act.

This bill does not appear to have a fiscal impact on state or local governments.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Public Records Law

Article I, s. 24(a), Florida Constitution, sets forth the state's public policy regarding access to government records. The section guarantees every person a right to inspect or copy any public record of the legislative, executive, and judicial branches of government. The Legislature, however, may provide by general law for the exemption of records from the requirements of Article I, s. 24(a), Florida Constitution. The general law must state with specificity the public necessity justifying the exemption (public necessity statement) and must be no broader than necessary to accomplish its purpose.

Public policy regarding access to government records is addressed further in the Florida Statutes. Section 119.07(1), F.S., also guarantees every person a right to inspect and copy any state, county, or municipal record.

Confidential and Exempt Records

There is a difference between records that the Legislature designates as exempt from public disclosure and those the Legislature deems confidential and exempt. Records classified exempt from public disclosure are permitted to be disclosed under certain circumstances.¹ If the Legislature designates certain records confidential and exempt from public disclosure, such records may not be released by the custodian of public records to anyone other than the persons or entities specifically designated in the statutory exemption.²

Definition of "Agency"

It should be noted that the definition of "agency" provided in the Public Records Act includes the phrase "... and any other public or private agency, person, partnership, corporation, or business entity *acting on behalf of any public agency.*"³ [Emphasis added.] Agencies often are authorized, and in some instances are required, to "outsource" certain functions. Under the current case law standard, an agency is not required to have explicit statutory authority to release public records in its control to its agents. Its agents, however, are required to comply with the same public records custodial requirements with which the agency must comply.

Confidentiality Travels

In *Ragsdale v. State*,⁴ the Supreme Court held that

[T]he applicability of a particular exemption is determined by the document being withheld, not by the identity of the agency possessing the record . . . the focus in determining whether a document has lost its status as a public record must be on the

Effect of Bill

The bill clarifies the custodial requirements for a custodian of public records. It clarifies that the custodian of public records deemed confidential and exempt from public records requirements, as opposed to records only made exempt, cannot release such records except as provided in statute or by court order. This clarification is the standard contained in case law.

The bill further clarifies that an agency or other governmental entity authorized to receive a confidential and exempt record is required to maintain the confidential and exempt status of that record. This clarification also is the standard contained in case law; however, some confusion exists because some statutes explicitly state that the receiving agency or other governmental entity must maintain the confidential and exempt status of the record received while other statutes do not. The bill makes it clear that the same standard applies to each record that is confidential and exempt by expressly stating this standard in the Public Records Act.

The bill reiterates that the provisions do not limit access to any record by an agency or entity acting on behalf of a custodian of public records; the Legislature; or pursuant to court order.

Finally, the bill creates subheadings for s. 119.021, F.S.

C. SECTION DIRECTORY:

Section 1 amends s. 119.021, F.S., to clarify agency custodial requirements for records deemed confidential and exempt.

Section 2 provides an effective date of July 1, 2006.

In *Barfield*, Barfield argued that once the City of West Palm Beach shared its active criminal investigative information with the City of Riviera Beach the public records exemption for such information was waived. Barfield based that argument on a statement from the 1993 *Government-In-The-Sunshine Manual* (a booklet prepared by the Office of the Attorney General). The Attorney General opined “once a record is transferred from one public agency to another, the record loses its exempt status.” The court declined to accept the Attorney General’s view. As a result, that statement has been removed from the *Government-In-The-Sunshine Manual*.
